

# STRASBURG HIGH SCHOOL PARENT PERMISSION FOR ATHLETIC PARTICIPATION

1. Before an athlete is permitted to participate in the Strasburg School athletic program, this permission form must be signed by the parent. The School District is relieved of any or all liability for accidents or injuries connected in any way with the competitive athletic program. Parents should be aware that the chance of injury is present while students are participating in school activities and athletics.
2. It is the responsibility of the parent or guardian to provide insurance protection for the athlete while competing in competitive athletics.
3. The School District makes available a student insurance plan which offers excellent coverage for any accident or injury resulting from participation in competitive athletics, **with the exception of football**. This plan is available each fall for a nominal fee (check with the school athletic director).
4. Occasionally your son/daughter may travel to practice or a scheduled event in parent driven cars if bus transportation is not available.
5. Each student must have a copy of a current physical exam on file before participation in a supervised school athletic and activities program. Physicals are valid for 1 year from the date of the examination by the physician.
6. All students who participate in athletics for Strasburg High School must abide by the guidelines set forth in the Strasburg High School Athletic and Student Handbooks. Students and their parents are required to sign the acknowledgement page from each handbook to indicate they are aware of the expectations of Strasburg High School. Additionally, each student-athlete is responsible for following the specific expectations for each of the individual sport(s) that he/she participates in. The Athletic Handbook is available on the District web site, [www.strasburg31j.com](http://www.strasburg31j.com), or a paper copy can be picked up at the High School office.
