State Assessment Results

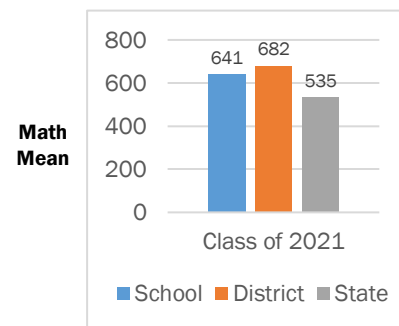

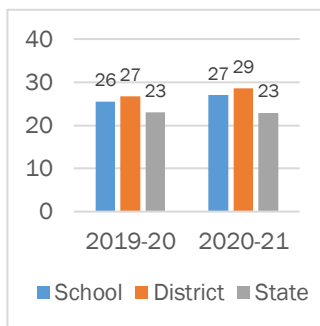

Smarter Balanced Assessment (SBA)+

SAT**

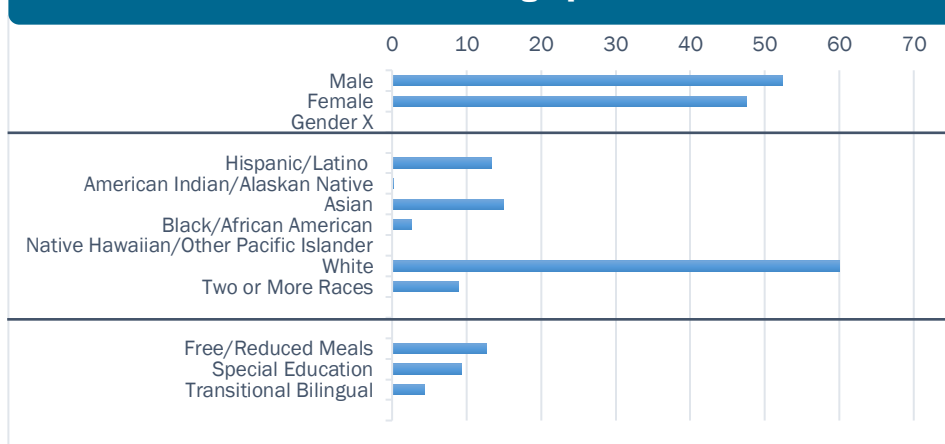

ACT**

*No State Assessments occurred in Spring 2020 due to COVID-19

Student Demographics

+Smarter Balanced Assessment is a Washington state standardized exam. Scores represent percentage of students who met the standards. Students who did not take the test were counted as not meeting standard.

*Scores are suppressed when groups are so small that the information could potentially be used to identify or derive information about individual students. Many 11th grade students refused to take the test; they may have already met graduation requirements through passing the old state tests in 10th grade.

**The Scholastic Aptitude Test (SAT) and the American College Test (ACT) are required by many colleges and universities for admission. Students elect to take these tests. A new SAT was given starting in January 2016. The Reading and Writing sections have been consolidated and now make up "Evidence-Based Reading and Writing" (ERW). As a result, the previous year's data is no longer comparable.
