School Description

Samantha Smith Elementary has provided a quality education for students in the Sammamish area since 1987. Over the past few years, we have earned School of Distinction and Washington State Achievement Awards.

The school continues to further underscore its commitment and direct its resources to support a strong, challenging and engaging academic program for all students. In addition, Samantha Smith serves as "home" to students who are enrolled in the district's QUEST program for highly capable students.

The school community supports learning. Many parents are active in our PTSA. Our PTSA has been recognized by the Washington State PTSA council for its achievements in program support and development.
