School Description

Mark Twain Elementary is a wonderful K-5 school located in the North Rose Hill neighborhood of Kirkland, Wash. We serve a diverse population of about 600 highly-valued children and families. We are a Peace Builders school. As students, staff and parents, we are proud to maintain a learning environment that reduces violence and establishes a more peaceful way of living in our school and community.

We have a dedicated and highly skilled staff. They work extremely hard to maintain our focus on what is best for kids and what will help each student reach their maximum potential. Our parent community is very active and supportive in our school. Our PTSA provides generous support both financially and in volunteer hours. Their support comes in the areas of science, math, art and literacy enrichment, general academic support and extracurricular activities.

2020-21 School Goals

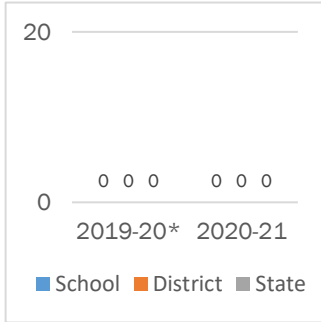

The Mark Twain staff is committed to continued student growth. Collaborative conversations among staff members have helped teams reflect on learning standards and student needs.

- Grades K-2 Reading: 87% of students at standard on the end of year DIBELS
- Grades 3-5 English Language Arts: 80% at standard
- Grades 3-5 Math: 71% at standard
- Grade 5 Science: 75% at standard
- Achievement gap: 25% of ELL students should reach English proficiency by the end of the year
- School Effectiveness: Increase the percentage of staff who agree with the statement: "Staff members will connect with each other outside of grade level teams" from 71% to 80%. This goal will also reflect vertical articulation as well.
- Attendance: Our 2018-2019 goal is to continue to meet our 97% daily attendance rate as in previous year but to decrease the number of tardy to school through education, communication and rewarding those classes that demonstrate the least daily tardiness over the month
- Discipline: Reduce office referrals by 10% from previous year by implementing restorative conversations between students, along with continued training for staff on de-escalation and supervision strategies.
