Forecast Purpose/Objectives

Ohio Department of Education's purposes/objectives for the five-year forecast are:

- 1. To engage the local board of education and the community in the long range planning and discussions of financial issues facing the school district.
- 2. To serve as a basis for determining the school district's ability to sign the certificate required by O.R.C. §5705.412, commonly known as the "412 certificate"
- 3. To provide a method for the Department of Education and Auditor of State to identify school districts with potential financial problems.

Forecast Methodology - This forecast is prepared based upon historical trends and current factors. This information is then extrapolated into estimates for subsequent years. The forecast variables can change multiple times throughout the fiscal year and while cash flow monitoring helps to identify unexpected variances no process is guaranteed. The intent is to provide the district's financial trend over time and a roadmap for decisions aimed at encouraging financial sustainability and stability.

Note: Cash balance includes any existing levy modeled as renewed during the forecast.

Cash balance is not reduced for encumbrances.

In FY 2020 a revenue surplus is expected. This means that expenditures are expected to be less than revenue by -\$253,327 in FY 2020. By the last year of the forecast, FY 2024, the district is expected to have a revenue shortfall where expenditures are projected to be greater than revenue by \$29,268. The district would need to cut its FY 2024 projected expenses by 0.23% in order to balance its budget without additional revenue.

The district's cash balance is positive at year-end in FY 2020 and is projected to improve by FY 2024. A worsening cash balance can erode the district's financial stability over time.

--- Annual Percentage Change

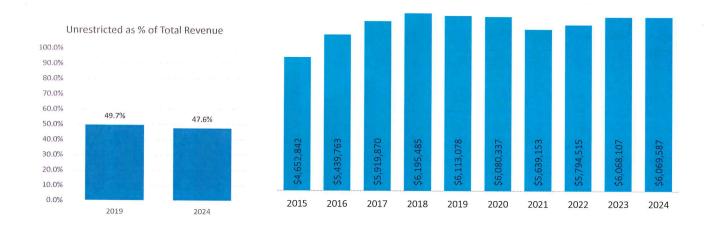

Annual Dollar Change

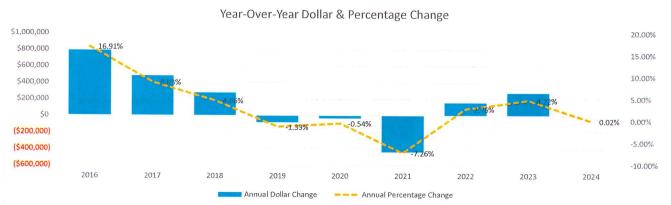

The public utility personal property tax revenue is generated from the personal property values, additions, and depreciation reported by the utility companies. This category currently makes up 3.61% of total district revenue. The property is taxed at the full voted tax rate which in tax year 2019 is 41.59 mills. The forecast is modeling an average gross collection rate of 100.02%. The revenue changed historically at an average annual dollar amount of \$47,800 and is projected to change at an average annual dollar amount of \$32,190 through FY 2024.

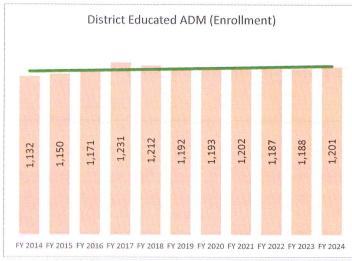

^{*}Projected % trends include renewal levies

1.035 - Unrestricted Grants-in-Aid

Funds received through the State Foundation Program with no restriction.

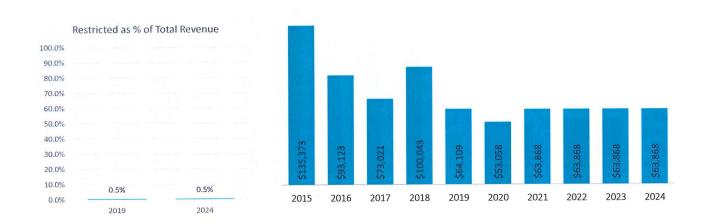

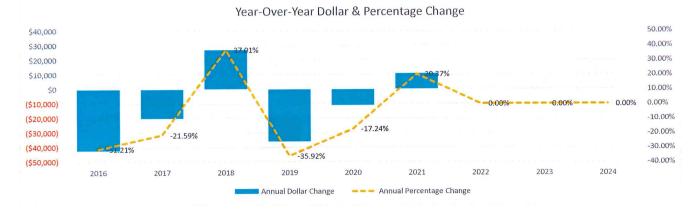

The FY 2019 per pupil and foundation revenue amount is the base aid amount used in FY 2020. In addition to its FY 2020 base funding amount of \$5,900,00 the district is projected to receive FY 2020 categorical funding of \$134,117. Wellness dollars included in this amount are recorded in a special revenue fund and not included in this forecast. The district has the option to move some expenditures from the general fund to the special revenue fund receiving these dollars. For fiscal year 2022 - 2024, the district is projecting an average annual increase of 2.5%

The district will receive a \$212,000 decrease in state aid for FY20 and a projected decrease of \$500,000 for FY21 due to COVID-19. It is projected that the district will return to normal funding in FY22 with a minimal increase in FY22 and FY23.

1.040 & 1.045 - Restricted Grants-in-Aid

Funds received through the State Foundation Program or other allocations that are restricted for specific purposes.

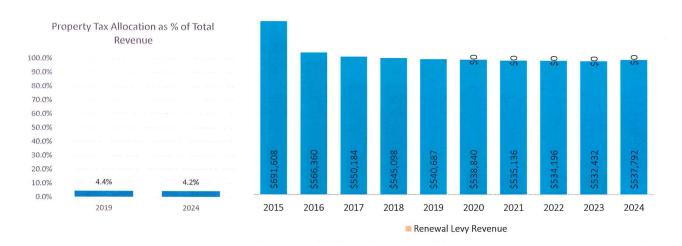

Restricted aid is the portion of state per pupil funding that must be classifed as restricted use. Historically the district's restricted state aid changed annually on average by -\$9,671 and is projected to change annually on average by -\$48. Restricted funds represent 0.52% of total revenue.

Restricted aid is career tech and economic disadvantage fund.

1.050 - Property Tax Allocation

Includes funds received for Tangible Personal Property Tax Reimbursement, Electric Deregulation, Homestead and Rollback.

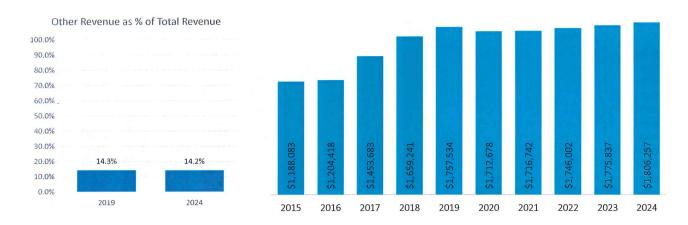

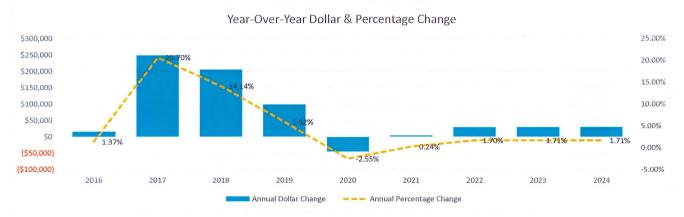

Property tax allocation primarily consists of reimbursements from the state of Ohio for local taxpayer credits or reductions. The state reduces the local taxpayer's tax bill with a 10% rollback credit, and 2.5% owner-occupied rollback credit, plus a homestead credit for qualifying taxpayers. In FY 2020, approximately 11.4% local residential property taxes will be reimbursed by the state in the form of rollback credits and approximately 3.0% will be reimbursed in the form of qualifying homestead exemption credits.

1.060 - All Other Operating Revenues

Operating revenue sources not included in other lines; examples include tuition, fees, earnings on investments, rentals, and donations.

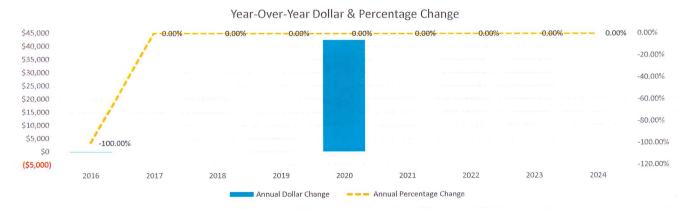

Other revenue includes tuition received by the district for non-resident students educated by the district. It also includes interest income, payments in lieu of taxes, and miscellaneous revenue. The historical average annual change was \$184,372. The projected average annual change is \$9,745 through FY 2024.

It is projected that investment income will decresae in FY21 due to COVID-19. Starting in FY22 it is projected that investment income will gradually increase.

2.070 - Total Other Financing Sources

Includes proceeds from sale of notes, state emergency loans and advancements, operating transfers-in, and all other financing sources like sale and loss of assets, and refund of prior year expenditures.
