

### **TPSD More Than Just A Place Of Work For Kidd**

**TUPELO, Miss.** — For nearly her entire life, the Tupelo Public School District has impacted Jana Kidd.

First as a student that concluded with graduation from high school in 1986 and now as an employee for the last 24 years. And sandwiched in-between was the educational journey for her children.

Professionally, her TPSD career began at Rankin, where she spent nine years. But for the past 15 years as an administrative assistant, she's the first person to kindly greet you when walking into Joyner Elementary.

"Jana is an absolute joy for Joyner, our District, and all who reach out to our campus," principal Kim Foster said. "She radiates a light of encouragement, help, support and hope for those who engage with her. She is a problem solver, knowledgeable of the best ways to serve our students, their families, and their teachers."

This week's TPSD Staff Spotlight, sponsored by Sunny 93.3 and Buffalo Wild Wings, is Jana Kidd of Joyner Elementary.
