

Fountain • Fort Carson
SCHOOL DISTRICT EIGHT
 Transportation Department
 11355 Old Pueblo Rd.
 Fountain, Colorado 80817

I, _____, state that I am the parent and have custody of _____ (hereafter referred to as “my child”).

I have been advised by the Fountain-Fort Carson School District to have a responsible adult meet my child when disembarking at the designated school bus stop.

Despite this advice, I am requesting that the District allow my child to disembark at the designated bus stop without an adult present. I will provide my child a key to our home. Should my child not have a key and no arrangement has been made for an adult to greet my child, I understand that transportation personnel will return my child back to school.

I assume complete responsibility from the time my child disembarks from the school district’s bus and release the school district of all responsibility at that time. Further, I release the school district from any claim, demand, liability or responsibility that might arise as a consequence of the school district permitting my child to disembark at the designated school bus stop without being met by an adult, and shall hold the school district harmless from any such claim, demand, suit, or liability.
