

**DALLAS COUNTY
PROMISE**

"I'm the first one to finish high school in my family and going for that college degree would mean a lot to me too, because I want to show my siblings that getting college degrees is important. I have four siblings, and I want all of them to go to college."

—Van, Lake Highlands High School

What Is Your Plan for Life After High School?

As you are nearing the end of your high school education, it is important to think about what comes next: finding a career that pays a living wage. Currently, 65% of living-wage jobs require an education beyond high school. While there are many ways to get the education necessary to secure a living wage job, the data is clear: the more education you have, the higher your earning potential.
