- ENVIRONMENTAL AWARENESS
- RESPONSIBILITY

## IGNITE THE FUN!

### HOW SCOUTING WORKS:

Each Cub Scout is part of a "den" of 6-8 neighborhood boys and girls in grades K-5. Dens meet a few times a month and are introduced to a wide range of social activities and award-based challenges that develop their self-responsibility, confidence, and service ethic.

All Cub Scout dens in your community come together at a "pack" meeting every month where they are recognized for their individual and group achievements.

Dens and packs may also participate in activities such as field trips, day camps, and overnight camps.

### WHAT IT COSTS:

There is a registration fee and annual membership fee, but all boys and girls can join regardless of their ability to pay. Financial assistance is available.

### PARENTS AND YOUTH:

Cub Scouting is a program that parents and children can do together. There are many volunteer positions available for parents who want to get more involved.
