Family Engagement Plan

Benavides Elementary

At Benavides ISD, we value our families, and we understand the importance of involving our families in the education of our students. This plan outlines strategies to support family-to-family engagement, to provide a network of community resources, to involve families in the decision-making process, to equip families with tools to enhance and extend learning, to develop staff to support families in meeting their children's learning benchmarks, and to evaluate and improve on the family engagement strategies used each year.

Benavides ISD is committed to engaging parents in meaningful educational experiences with their children. Benavides ISD will solicit informal input from parents throughout the school year. Parents can formally provide input by way of parent surveys and Title I year-end meetings each year during the spring.
