A large, intense fire is burning in a metal container, possibly a furnace or a large pot. The flames are bright yellow and orange, rising high into the air. The background is dark, making the fire stand out. The fire is contained within a metal structure that appears to be made of bricks or concrete blocks.

Whilst emphasizing that this walk is  
a time for our community and  
friends to come together,  
we must stress that all participants  
are responsible for their own  
actions and personal safety.
