Curriculum Associates®

Information on Professional Development Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PD sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PD sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put its employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PD Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.
