

Our Connecticut Wildlife

Snakes of Connecticut

Connecticut is native to 14 species of snakes. Brian Kleinman (the owner of Riverside Reptiles Education Center) will present a 50-minute long slide presentation on the natural history and identification of our indigenous snake species. After the slide presentation you will meet and touch some live snakes!

Saturday, Oct., 1 | 2 PM | The South Barn | \$10/members, \$15/non-members and \$5 for children under 12

Bringing Turtles Out of Their Shell

Pam Meier, a state-permitted wildlife rehabilitator, will talk about Connecticut's native turtles—many of which live in our area—and will bring along some chelonian friends, too! Learn how to identify different species and gender, what to do (and not do) if you find a turtle, and what rehabbing these ancient reptiles is all about.

Sunday, Nov 6 | 2 PM | The Sugar House | \$10/members, \$15/non-members and \$5 for children under 12

Living with Connecticut's Wildlife

Connecticut's citizens are blessed with the rich diversity of wildlife in the state. This presentation focuses on how to live with and enjoy our wild neighbors. Species covered include Black Bears, Eastern Coyote, Bobcat, Fisher, Raccoon, Skunk, Virginia Opossum, Red and Gray Fox, Woodchuck, White-Tailed Deer, birds, bats, venomous and non-venomous reptiles and amphibians.
