

August 19, 2022

Dear Fountain-Fort Carson Families,

Each year, a report of our District and school accreditation information is made available to community stakeholders. We are very proud that Fountain-Fort Carson School District 8 has been accredited as a Performance District, a distinction achieved by only 40% of Colorado School Districts annually. Detailed information for the district and each of our schools is available on the Colorado Department of Education website.

Instructions on accessing district and school performance information are provided below. If you are unable to access the internet or would prefer to receive a hard copy of this information, please contact me by email or phone at callison@ffc8.org/382-1300 and a hard copy will be mailed or made available for pickup.

Accessing School/District Performance Information

- Visit the School View Data Center at: <http://bit.ly/1zE9ogA>. School districts are listed on the right side of the page, in alphabetical order. Our information can be found under Fountain 8.
- Click the arrow below the district name to display schools in a district. Tabs across the top of the page assist users in navigating through the different data sets.
 - The Performance tab contains State test (CMAS) results by grade, school, district, and state.
 - The Accountability tab contains School and District Performance Frameworks (SPF/DPF), federal data requirements (Title I Annual Measurable Objectives and Title III Annual Measurable Achievement Objectives).
 - The Staff tab contains the number of highly qualified teachers in a school or district, as well as teacher equity, which ensures that poor and minority students are not taught by inexperienced, unqualified, or out-of-field teachers at higher rates than their white or more affluent peers.

Sincerely,

Clinton Allison
Executive Director of Elementary Student Achievement
Fountain Fort-Carson District 8
