### THE RBC CAMPUS IS FAMILIAR TERRAIN FOR JIM GAUL ('76), DIRECTOR OF SAFETY & SECURITY

The legacy of the Gaul family runs deep at RBC. Jim Gaul, our new Director of Safety and Security, is a third generation Casey family member. His grandfather, John P. Gaul, attended RBC (then called St. James High School) in the early 1900's. His father, Danny, graduated in 1947, a few years later than his class members of '45, as he had an interim period serving in the Navy. Jim's mom, Millie, although not an "official" Casey graduate, was a well known and loved fixture on campus for over 25 years, working in the guidance department and for St. James parish.

The Gaul family resided in Red Bank and Jim and his three sisters, Mary Anne ('78), Clare ('80), and Barbara ('81) attended RBC one after another, leaving their mark as they walked the halls as Caseys. Jim fondly remembers his time on campus in the mid 70's, where the faith, values and traditions instilled in him influenced his career path to serve others. Jim spent his career in law enforcement, first as a Police Officer in Allenhurst for over 27 years, retiring as a Sergeant, and then at Monmouth University as a patrol officer for 15 years.

Jim and his sisters, Mary Anne ('78), Clare ('80), and Barbara ('81)

In his role as Director of Safety and Security, Jim is responsible for emergency preparedness and security of the RBC/St. James open campus which consists of 8 buildings in downtown Red Bank. With over 1,500 people on campus on any given day, Jim's training and expertise helps guide procedures and protocols to ensure the safety of students, staff, and visitors. The training and drills that Jim leads for staff and students is part of the comprehensive plan, in partnership with the Red Bank Police and Fire departments, for everyone to be vigilant and take care of one another in the event of an emergency. Welcome Jim!

## INTERNSHIP PROGRAM: MENTORS NEEDED!

Red Bank Catholic's highly successful senior experience Internship Program, in partnership with the RBC Thomas G. Labrecque Leadership Institute, is a great way for Alumni to get involved.

This program allows participating students the opportunity to work in a non-paid role with an organization that parallels their career goals, providing them with valuable real-life experiences. The program has proven to be mutually beneficial and rewarding for our students and their mentors alike. Some of our students have interned right here in Red Bank and some have enjoyed traveling outside of the area to places such as New York City. Some have been offered summer jobs through their mentors; others have continued their internships during college breaks. The practical experience and network of contacts they gain are invaluable.

Please consider being a mentor for a qualified Casey and take part in this awesome experience sharing your time and expertise! The internships run from 4 - 8 weeks, one day a week for about 4 hours a day. This is a guide. We are very flexible and can be creative to accommodate what works best for you.
