

Leaving Our Mark on HHS Ceiling Tile Painting

This design needs to be done in color and should represent, as close as possible, what you plan to paint on your ceiling tile.

Design Approved By:

Who can Paint?

Senior students at Herculaneum High School have the opportunity to purchase a blank ceiling tile to take home and personalize (paint) and then bring back and have it hung up in the hallway of the high school. These tiles could be personalized with a quote, designed to mimic a famous piece of art, or highlight their favorite part of high school. As time passes the hallways would become not only a place where student work is highlighted, but a time capsule of the outstanding young people that pass through our building.

Cost:

Students will purchase a blank ceiling tile for \$20. The profits from this fundraiser will go to the Renaissance Program, which puts on the quarterly and end of the year awards assemblies.

Students will supply their \$20 and get their design approved by Mrs. Fitzgibbons before they will be given a tile to paint.

Time Frame:

Tiles will be returned to Mrs. Fitzgibbons when they are finished. Tiles will be put up once per quarter. Tiles will stay up for the foreseeable future.
