

Updating Your Chromebook's Operating System

Periodically, you will need to update your Chromebook's Operating System. This ensures that your Chromebook is up to date on all security updates and features.

Make sure the Chromebook is fully charged or plug it into the power adapter before performing the following steps:

- 1. Power on and login into the Chromebook using your district Gmail account: Username@rcs-k12.us
- 2. Click on the **time** in the system tray.
- 3. Click on the settings gear in the lower right corner of the menu.
- 4. The **Settings** window will open. Click **About Chrome OS** in the bottom left corner.
