

RED CREEK CENTRAL SCHOOL DISTRICT

Dear Parent:

The Red Creek Central School District has implemented a new way for parents to check on important data, such as your child's homework assignments, class attendance, and academic progress (e.g., teacher's grade book data). This access is provided via a real-time connection to SchoolTool.

Using SchoolTool, you can access the information by visiting the Red Creek Central School website at <http://www.rccsd.org> and navigating to *SchoolTool for Parents* under the **Resources for Parents** tab. This is a very useful communication tool and can be accessed from any computer or device that has open internet access. Keep in mind that the student information is view only.

To create your account and access your child's information, please complete this form and return it to the main office. The district computer coordinator will contact you via email with a link and complete login information, along with instructions for accessing your account. In order to keep your child's information confidential, it is up to you to protect your password.

If you have any questions about this new service or wish to change your initial Login Name or account information, please call Erik Robbins, District Computer Coordinator, at 315-754-2191, or email him at rtechsupport@rccsd.org.

Very truly yours,

RED CREEK CENTRAL SCHOOL

Brian Corey
Superintendent of Schools
