

WBS Elementary Car Rider Information

Please complete the below information if you choose to pick up your child(ren) as a daily car. A car rider once or twice can be handled with a simple note to the office on the morning of the change. Upon completing this information, you will receive school-issued, laminated name tags for each person listed. The name tag must be placed on the passenger side visor, so it is visible through the front windshield of your vehicle. Children will only be allowed to leave in vehicles with school-issued name tags. If you do not have the placard, you will be asked to pull forward to physically sign out your child.
