Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: Low Growth: Less than 35

Typical Growth: Between 35 and 65

High Growth: Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

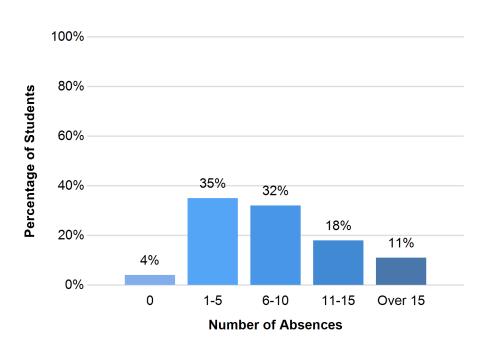

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these <u>accountability resources</u>.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022	
No	n/a	n/a	

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	78.85	17.5%
Mathematics Proficiency	63.57	17.5%
English Language Arts Growth	73.87	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	 All students have the opportunity weekly to explore the engineering and design process in the STEM lab. Students in grades K-4 learn various literacy skills through the implementation of Lucy Calkins' Reading and Writing workshop models. Students in grades 2-4 have 1:1 Chromebooks. Students in grades K-1 have classroom sets of iPads.
Mission, Vision, Theme:	The mission of Bayberry School is to introduce the young child to formal learning by building a foundation of knowledge and skills (NJSLS) within a nurturing environment that promotes self-confidence, encourages love of learning, and celebrates the uniqueness of each child.
Awards, Recognition, Accomplishments:	Bayberry Elementary School achieved Bronze Level in Sustainable Jersey for Schools. Bayberry Elementary School hosted "Hometown Heroes" in the third Junior Narratives Program.

Before and After School Programs:

Best Time, LLC, operates a before and after-school option for grades K-8. Morning care begins at 7:00 a.m. and bridges the gap until 8:20 a.m. when regular parent drop off begins for all students. After-school care is available until 6:30 p.m., and offers a quiet area for homework, as well as many fun activities for students. Students in grades 5-8 are bused to Bayberry Elementary School from Valley View Middle School.

Staff and Professional Learning:

Bayberry's outstanding teachers are a highly professional group of life long learners who constantly strive to improve the art and craft of their teaching. All teachers are involved in Professional Learning Communities. The collaborative team is the engine that drives the school. A teacher liaison at each grade level coordinates weekly grade level meetings. Inservice days are held during the school year to present models, exemplars, and strategies to enhance the curriculum and teaching instruction.

3		Student Supports and Services:	The Child Study Team consists of highly skilled professionals including a Social Worker, a School Psychologist, and a Learning Disabilities Teacher-Consultant. A Speech and Language Specialist is a member of the team and evaluates students in preschool - grade 4, when there is a concern in the area of language development. Occupational and Physical Therapy is available for eligible students. A Basic Skills Program provides support for at-risk students.
9		Student Health and Wellness:	Bayberry Elementary School received a grant from Project Fit in the fall of 2015. This has been incorporated into the Physical Education Program. A freestanding structure of seven work out areas are permanently installed outdoors on the school grounds addressing upper body strength, lower body strength, abdominal strength, cardiovascular endurance, and flexibility.
	and l	Parent and Community Involvement:	The active PTO is continually planning fundraisers and activities to support the educational program. They provided funds for Chromebooks, the creation of the new STEM lab, and individual grants to classroom teachers. The Watchung Educational Foundation helps to fund additional programs and activities for the students and for the teachers. Grants have been awarded for the Learner-Active, Technology Infused Classrooms, and for the science and STEM Initiatives.

If there are questions about the information provided in the narrative section, please contact your school directly.

Bayberry Elementary School will continue to provide exceptional educational opportunities for all students. Parents are viewed as partners in education and assist during the school day in classrooms, in the library and in the lunchroom. Community groups, members of the police and the fire departments, the Mayor, members of the Borough Council and state government, visit our school annually and work with the students. The school family of students, teachers, parents, and community members support the school mission to introduce the young child to formal learning by building a foundation of knowledge and skills within a nurturing environment that promotes self-confidence, encourages love of learning, and celebrates the uniqueness of each child.
