By completing all sections of the Assurance of Compliance and Mandated Reporting, school districts provide written assurance that they do not discriminate in their use of funds provided through the Minnesota Department of Education and that they have informed all mandated reporters of their reporting duties.

This assurance is given by each district in consideration of and for the purpose of obtaining any and all federal grants, loans, contracts, property, discounts, or other federal and state financial assistance extended to the district by the U.S. Department of Education and the Minnesota Department of Education (MDE), including installment payments after such date of application for federal financial assistance and state aid allotments which were approved before such date.

By submitting the Assurance of Compliance, the district recognizes and agrees that such federal and state financial assistance will be extended in reliance on the representations, supporting information required by Minnesota Statutes, section 127A.42, subdivision 3, and agreements made in this assurance. This assurance is binding on the district and the persons who are authorized to submit information on behalf of the district.

ACTION

1. Certify the Levy

All school districts must certify a proposed levy to the home county auditor by September 30. Since school board action is required to approve the proposed levy before the deadline to make changes to the proposed levy certification, the school board certified the proposed levy at the 'maximum' level, which will allow for any corrections/changes in the levy totals between now and December's final certification to be made without recertification. The final levy certification in December will require a specific dollar amount.

A motion was made by Mike Overman and seconded by Ben Phillip to certify the proposed Levy for taxes payable in 2023 as a maximum levy amount, as presented. The motion carries 4 – 0.

410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. "Covered active duty" means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 United States Code section § 101(a)(13)(B).

B. "Covered servicemember" means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any

time during the period of five years preceding the first date on which the eligible employee takes FMLA leave to care for the covered veteran.

- C. “Eligible employee” means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee’s pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless (1) the break is occasioned by the employee’s fulfillment of his or her USERRA-covered service obligation, National Guard or Reserve military service obligation or (2) a written agreement, including a collective bargaining agreement, exists concerning the school district’s intention to rehire the employee after the break in service.
- D. “Military caregiver leave” means leave taken to care for a covered servicemember with a serious injury or illness.
- E. “Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin.
- F. “Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
1. a military medical treatment facility as an outpatient; or

2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.

G. “Qualifying exigency” means a situation where the eligible employee seeks leave for one or more of the following reasons:

1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
2. to attend military events and related activities of a covered military member;
3. to address issues related to childcare and school activities of a covered military member’s child;
4. to address financial and legal arrangements for a covered military member;
5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
6. to spend up to fifteen (15) calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
7. to attend post-deployment activities related to a covered military member; 8. to address care needs of a covered military member’s parent who is incapable of self-care; and
9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.

H. “Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves:

1. inpatient care in a hospital, hospice, or residential medical care facility; or 2. continuing treatment by a health care provider.

I. “Spouse” means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an

individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.

J. “Veteran” has the meaning given in 38 United States Code section § 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee’s child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee’s spouse, son, daughter, or parent with a serious health condition;
 - d. the employee’s serious health condition makes the employee unable to perform the functions of the employee’s job; and/or
 - e. any qualifying exigency arising from the employee’s spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, “year” is defined as a rolling 12-month period measured backward from the date an employee’s leave is to commence.
3. An employee’s entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A “serious health condition” typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A “serious injury or illness,” in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on

active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and

b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:

(i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or

(ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or

(iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or

(iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the

other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.

7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to

provide sufficient certification supporting the qualifying exigency for which leave is requested.

12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.

13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

An employee who misses three consecutive days of work due to illness or an employee who notifies the District Payroll and Benefits Clerk of a qualifying family illness will be sent FMLA paperwork to begin the FMLA process.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be

determined by the employee but must not exceed 12 weeks unless agreed to by the school district. The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12 month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal or medical, or sick leave or accrued vacation provided by the school district so that the total leave does not exceed 12 weeks, unless agreed to by the school district, or leave taken for the same purpose under FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the school district reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set

out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.

6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the work days in the leave period may be required to:
 1. take leave for the entire period or periods of the planned medical treatment; or
 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
 1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 2. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.

3. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the semester.
4. If the school district requires an instructional employee to extend leave through the end of a semester as set forth in this paragraph, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the school district to the end of the school term is not counted as FMLA leave but as an unpaid or paid leave, to the extent the instructional employee has accrued paid leave available and the school district shall maintain the employee's group health insurance and restore the employee to the same or equivalent job, including other benefits, at the conclusion of the leave.

D. The entire period of leave taken under the special rules will be counted as leave. The school district will continue to fulfill the school district's leave responsibilities and obligations, including the obligation to continue the employee's health insurance and other benefits, if an instructional employee's leave entitlement ends before the involuntary leave period expires.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.
- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. A poster prepared by the U.S. Department of Labor summarizing the major provisions of the Family and Medical Leave Act and informing employees how to file a complaint shall be conspicuously posted in each school district building in areas accessible to employees and applicants for employees.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

A person may report conduct which may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. In Each School Building. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.
- F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written

In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.
- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district

human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. - B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes chapter 260E may be applicable.

414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE

I. PURPOSE

The purpose of this policy is to make clear the statutory requirements of school personnel to report suspected child neglect or physical or sexual abuse.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to fully comply with Minn. Stat. Ch. 260E requiring school personnel to report suspected child neglect or physical or sexual abuse.
- B. A violation of this policy occurs when any school personnel fails to immediately report instances of child neglect or physical or sexual abuse when the school personnel knows or has reason to believe a child is being neglected or physically or sexually abused or has been neglected or physically or sexually abused within the preceding three years.

III. DEFINITIONS

- A. "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event that:
 - 1. is not likely to occur and could not have been prevented by exercise of due care; and
 - 2. if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence of event.
- B. "Child" means one under age 18 and, for purposes of Minn. Stat. Ch. 260C (Juvenile Safety and Placement) and Minn. Stat. Ch. 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minn. Stat. § 260C.451 (Foster Care Benefits Past Age 18).
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Mandated reporter" means any school personnel who knows or has reason to

believe a child is being maltreated , or has been maltreated within the preceding three years.

E. “Mental injury” means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child’s ability to function within a normal range of performance and behavior with due regard to the child’s culture.

F. “Neglect” means the commission or omission of any of the acts specified below, other than by accidental means:

1. failure by a person responsible for a child’s care to supply a child with necessary food, clothing, shelter, health care, medical, or other care required for the child’s physical or mental health when reasonably able to do so,
2. failure to protect a child from conditions or actions that seriously endanger the child’s physical or mental health when reasonably able to do so; including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors such as the child’s age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child’s own basic needs or safety, or the basic needs or safety of another child in his or her care;
4. failure to ensure that a child is educated in accordance with state law, which does not include a parent’s refusal to provide his or her child with sympathomimetic medications;
5. prenatal exposure to a controlled substance as defined in state law used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child’s birth, or medical effects or developmental delays during the child’s first year of life that medically indicate prenatal exposure to a controlled substance or the presence of a fetal alcohol spectrum disorder;
6. medical neglect as defined by Minn. Stat. § 260C.007, Subd. 6, Clause (5);

Neglect does not occur solely because the child’s parent, guardian, or other person

responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of the alleged

offender or parent, legal guardian or school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing

by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged offender is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the

interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.

- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law and School Board Policy 413. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner

contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, seek an alternative to suspension.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational

services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have

evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The

collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or

negate the prohibitions contained in this policy. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

- D. False accusations or reports of bullying against another student are prohibited.
- E. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- F. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 - 1. an actual or perceived imbalance of power exists between the student

engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or

2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will

provide supervision or assume liability at these locations and events.

- F. “Prohibited conduct” means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited

conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of

the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;

2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;
3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
5. Teach students to advocate for themselves and others;

6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See Model Policy 506) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes section 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

524 TECHNOLOGY RESPONSIBLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access both on and off district property to school district technology resources and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district district technology resources, which includes district devices, Internet access, the local network, and electronic communications, the school district considers its own stated educational mission, goals, and objectives. Digital literacy skills are now fundamental to preparation of digital citizens and future employees. Access to the school district's local network and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district technology resources, local network and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

The district recognizes the importance of online social media networks as a communication and learning tool. Social media includes websites and applications that enable users to create and share content or to participate in social networking. Toward that end, the District provides password-protected social media tools and District-approved technologies for e-learning and encourages use of District tools for collaboration by employees. However, public social media networks, outside of those sponsored by the District, may not be used for classroom instruction or school-sponsored activities without the prior authorization of the Superintendent, or designee, and parental consent for student participation on social networks.

Staff have the same responsibility for addressing inappropriate student behavior or activity on these networks as you would in a classroom, including requirements for mandated reporting.

LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to district technology resources. The purpose is more specific than providing students and employees with general access to the Internet. District technology resources have a limited educational purpose, which includes use for classroom activities, educational research, and professional or career development activities. Users are expected to use district technology resources to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network. Although district technology resources are intended for use related to the conduct of the school district business, employees may access district technology resources and/or Internet for limited, occasional, and brief personal use that does not interfere with the conduct of school district business, subject to state and federal law, the restrictions of board policy, district operating procedures on acceptable district technology use, and directives or guidelines of an employee's supervisor or other school district official. When utilizing district technology resources for personal use, employees should attempt to do so during non-duty hours.

USE OF RESOURCES ARE A PRIVILEGE

The use of the school district technology resources and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district technology resources may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. While not an exhaustive list, the following uses of the school district technology resources or accounts are considered unacceptable:
 - 1. Users will not use district technology resources to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or

discrimination toward other people (hate literature) or that may constitute harassment or discrimination.

2. Users will not use the school district technology resources to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
3. Users will not use the school district technology resources to knowingly engage in any illegal act or violate any local, state, or federal statute or law.
4. Users will not use the school district technology resources to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district technology resources software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district technology resources in such a way as to disrupt the use of the system by other users.
5. Users will not use the school district technology resources to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district technology resources to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:

- (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
- (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district technology resources to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as “Facebook,” “Twitter,” “Instagram,” “Snapchat,” “TikTok,” “Reddit,” and similar websites or applications.
 1. 7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district network or any other system through the use of district technology resources, attempt to log in through another person’s account, or use computer accounts, access codes, or network identification, or digital signature other than those assigned to the user. Messages and records on the school district technology resources may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district technology resources to violate copyright laws or usage licensing agreements, or otherwise to use another person’s property without the person’s prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district technology resources for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district technology resources to offer or provide goods or services or for product advertisement. Users will not use the school district technology resources to purchase goods or services for personal use without authorization from the appropriate school district official.

10. Users will not use the school district technology resources to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district technology resources and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

With respect to any of its district technology resources, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such technology resources by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:

1. Obscene;
2. Child pornography; or
3. Harmful to minors.

- B. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district technology resources and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district technology resources, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on district technology resources.
- B. Routine maintenance and monitoring of the school district technology resources may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their

child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.

- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district technology resources may be subject to review, disclosure or discovery under Minnesota Statutes Chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district technology resources.
- B. School district employees should be aware that when connecting personal devices to your school email accounts, including personal smartphones, the district requires your device to set a passcode to protect data you will be retrieving from our servers. All lost devices connected to the district network resources (i.e. e-mail, cloud storage, or wireless networks) should be reported to the Technology Department as soon as possible.

TECHNOLOGY RESPONSIBLE USE AGREEMENT

- A. The proper use of district technology, and the educational value to be gained from proper technology use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access district technology resources .
- C. The Technology Responsible Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Technology Responsible Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district technology resources is at the user's own risk. Technology resources are provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district storage mediums or systems, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or

materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district technology resources. The school district will not be responsible for financial obligations arising through unauthorized use of the school district technology resources.

XI. USER NOTIFICATION

- A. All users shall be notified of the school district policies relating to district technology use.
- B. This notification shall include the following:
 - 1. Notification that district technology use is subject to compliance with school district policies.
 - 2. Disclaimers limiting the school district's liability relative to:
 - a. Information stored on school district storage mediums or systems.
 - b. Information retrieved through school district computers, networks, or online resources.
 - c. Personal property used to access school district computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
 - 3. A description of the privacy rights and limitations of school sponsored/managed Internet-based accounts available upon request.
 - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 - 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
 - 6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
 - 7. Notification that, should the user violate the school district's acceptable use

policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.

8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of district technology resources and Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district technology resources and of the Internet if the student is using district technology resources from home or a remote location.
- B. Parents will be notified that their students will be using school district technology and that the school district will provide parents the option to request alternative activities not requiring technology access. This notification should include:
 1. A copy of the user notification form provided to the student user.
 2. A description of parent/guardian responsibilities.
 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
 4. A statement that the Technology Responsible Use Agreement must be signed annually by the user and the parent or guardian prior to use by the student.
 5. A statement that the school district's acceptable use policy is available for parental review.

XIII. IMPLEMENTATION; POLICY REVIEW

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district technology resource use policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of technology resources, the

school board shall conduct an annual review of this policy.

616 SCHOOL DISTRICT SYSTEM OF TEACHING AND LEARNING FOR ACCOUNTABILITY

PURPOSE

The purpose of this policy is to focus public education strategies on a process that promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding the implementation of the Minnesota K-12 Academic Standards and federal law.

II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota K-12 Academic Standards and federal law requires accountability for the school district. The school district established a system to transition to the graduation requirements of the Minnesota K-12 Academic Standards. The school district also established a system to review and improve instruction, curriculum, and assessment which will include substantial input by students, parents or guardians, and local community members. The school district will be accountable to the public and the state through annual reporting.

III. DEFINITIONS

- A. "Credit" means a student's successful completion of an academic year of study or a student's mastery of the applicable subject matter, as determined by the school district.
- B. "Graduation Standards" means the credit requirements and locally adopted content standards or Minnesota K-12 Academic Standards that school districts must offer and certify that students complete to be eligible for a high school diploma.
- C. "World's best workforce" means striving to: meet school readiness goals; have all third grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.
- D. "Advisory Committee" in the district is met by the "Teaching and Learning Committee" to fulfill the functions listed in this policy.

IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND

REPORTING

A. School District Goals

1. The school board has established school district-wide goals that provide broad direction for the school district. Incorporated in these goals are the graduation and education standards contained in the Minnesota K-12 Academic Standards and federal law. The broad goals shall be reviewed annually and approved by the school board. The school board shall adopt annual goals based on the recommendations of the school district's Advisory Committee.
2. The Advisory Committee is established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
3. The school district-wide improvement goals should address recommendations identified through the Advisory Committee process. The school district's goal setting process will include consideration of individual site goals. School district goals may also be developed through an education effectiveness program, an evaluation of student progress committee, or through some other locally determined process.

- B. System for Reviewing All Instruction and Curriculum. Incorporated in the process will be analysis of the school district's progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minnesota Statutes section 123B.147, and teacher evaluations under Minnesota Statutes section 122A.40 or 122A.41.

See Procedure Document 616.1

C. Implementation of Graduation Requirements

1. The Advisory Committee shall also advise the school board on implementation of the state and local graduation requirements, including K-12 curriculum, assessment, student learning opportunities, and other related issues. Recommendations of the Advisory Committee shall be published annually to the community. The school board shall receive public input and comment and shall adopt or update this policy at least annually.
2. The school board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the school board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate yearly progress for two consecutive school years, the Advisory Committee shall work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The Advisory Committee may seek assistance from the Commissioner of the Minnesota Department of Education (MDE)

- (Commissioner) in developing a plan which must include parental involvement components.
3. The educational assessment system (Success Metrics) component utilized by the school board to measure individual students' educational progress must be based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will use models developed by the Commissioner for measuring individual student progress. The school board must coordinate with MDE in evaluating school sites and continuous improvement plans, consistent with best practices.

D. Comprehensive Continuous Improvement of Student Achievement

1. By Jan. 1 of each year, the Advisory Committee will meet to advise and assist the school district in the implementation of the school district system accountability and comprehensive continuous improvement process.
2. The Advisory Committee, working in cooperation with other committees of the school district [*such as the Technology, Educational Effectiveness, Grade Level, Site Instruction, Curriculum and Assessment Committees, etc.*], will provide active community participation in:
 - a. Reviewing the school district instructional and curriculum plan, with emphasis on implementing the Minnesota K-12 Academic Standards;
 - b. Identifying annual instruction and curriculum improvement goals for recommendation to the school board;
 - c. Making recommendations regarding the evaluation process that will be used to measure school district progress toward its goals; and,
 - d. Advising the school board about development of the annual budget.
3. The Advisory Committee shall meet the following criteria:
 - a. The Advisory Committee shall ensure active community participation in all planning for instruction and curriculum affecting Graduation Standards.
 - b. The Advisory Committee shall make recommendations to the school board on school district-wide standards, assessments, and program evaluation.
 - c. Building teams may be established as subcommittees to develop and implement an education effectiveness plan and to carry out methods to improve instruction, curriculum, and assessments as well as methods to use technology in meeting the school district improvement plan.

- d. A local plan to evaluate student progress, using a local process, shall be used for developing a plan for assessment of student progress toward the Graduation Standards, as well as program evaluation data for use by the Advisory Committee in the instruction and curriculum review process. This plan shall annually be approved by the school board.
- 4. The Advisory Committee shall, when possible, be comprised of at least two-thirds community representatives and shall reflect the diversity of the community. To the extent possible, the Advisory Committee shall reflect the diversity of the school district and its school sites and include teachers, parents, support staff, students, and other community residents. Included in its membership should be:
 - a. The Director of Curriculum (or similar educational leader)
 - b. Principal
 - c. School Board Member
 - d. Student Representative
 - e. One teacher from each building or instructional level
 - f. Two parents from each building or instructional level
 - g. Two residents without school-aged children, non-representative of local business or industry
 - h. Two residents representative of local business or industry
 - i. District Assessment Coordinator (if different from “a.” above)
- 5. Translation services should be provided to the extent appropriate and practicable.
- 6. The Advisory Committee shall meet 4 or 5 times each year:

F. Reporting

- 1. Consistent with Minnesota Statutes section 120B.36, Subd. 1, the school board shall publish a report in the local newspaper with the largest circulation in the district, by mail, or by electronic means on the school district website. The school board shall hold an annual public meeting to review and revise, where appropriate, student achievement goals, local assessment outcomes, plans, strategies, and practices for improving

curriculum and instruction and cultural competency and efforts to equitably distribute diverse, effective, experienced, and in-field teachers, and to review school district success in realizing the previously adopted student achievement goals and related benchmarks and the improvement plans leading to the world's best workforce. The school board must transmit an electronic summary of its report to the Commissioner in the form and manner the Commissioner determines. The school district shall periodically survey affected constituencies in their native languages, where appropriate and practicable, about their connection to and level of satisfaction with school. The school district shall include the results of this evaluation in its published reports and in its summary report to the Commissioner.

2. The school performance report for a school site and a school district must include performance reporting information and calculate proficiency rates as required by the most recently reauthorized Elementary and Secondary Education Act.

806 CRISIS MANAGEMENT POLICY

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district’s Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building’s specific situation and needs.

The school district’s administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.
- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation

procedures should also address transporting necessary medications for students that take medications during the school day.

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

- 2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

- 3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.
- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school

officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.
2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.

4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.
6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number

and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services. School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures Short-term behavioral health

crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

IV. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. Additional sample procedures may be found in the Response section of the Comprehensive School Safety Guide (2011 Edition). After approval by the school board, an adopted procedure will become an addendum to the Crisis Management Policy.

Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

Crisis communication, including weather and safety concerns, are detailed in the district and school emergency operation plans.

Mission

To educate, prepare and inspire a community of lifelong learners in our small, caring environment.

Vision

We are committed to the success of all learners. We will engage, inspire and support each learner through innovation and collaboration.

Strategic directions

We are guided by our strategic directions of high expectations matched with high support for students and staff, and strong communication and relationships with our families and community.

Introduction

The St. Anthony-New Brighton School District is committed to providing strong communication and building long-lasting relationships with our stakeholders: students, staff and the community. To build strong relationships and trust, we believe our stakeholders deserve:

- Timely, accurate and quality information.
- Written communication in their first language.
- Transparency in all of our communications.

The St. Anthony-New Brighton School District has a history of building strong relationships to support the development and well-being of the students in our community. We continue to value relationships and feedback from our stakeholders in order to maintain an open and honest two-way dialogue. This process helps create a strong foundation and understanding of our mission and moves our school district closer to our vision of providing an equitable education.

At St. Anthony-New Brighton, we seek to engage each child at heart level, shine a light on their brilliance and inspire their capacity to thrive in a world that is not yet fully known. We are Ever Brighter.

In our Ever Brighter campaign, we will show our belief that each child can learn at high levels. Through the use of robust and impactful storytelling, we will write creative stories that allow our families and community members to see the great work our school district does. The St. Anthony - New Brighton Communications team, in partnership with CESO Communications, a school public relations firm, will work to create positive content and processes that amplify the achievements of our school district using the Ever Brighter campaign as a catalyst.

The district communications plan was designed to establish and present a clear communications process for effective communication with all stakeholders. It aligns with the district's strategic directions and is incorporated in the [Operational Plan](#).

It is essential that staff are involved in the Communications Plan. Their understanding and support of a clear and unified message with families and the community is essential to our work, and ensures that students are receiving the best possible education. We are planning to create a separate internal staff communication plan which will work towards achieving our goals.

This plan is a working document that is reviewed on an annual basis by the School Board, Superintendent, and the district's administrative team. The district utilizes the plan to stay on-course and maintain accountability with students, staff, families and the community.

2022 LEGISLATIVE PLATFORM

.....

RELIABLE FUNDING

Increase the general education basic formula by 3% and index to inflation.

Allow locally elected school boards the authority to renew an existing levy without holding an election.

ELIMINATE SPECIAL ED & EL CROSS SUBSIDY

Eliminate Special Education and English Learner (EL) cross subsidies by fully funding IDEA and programs that serve our multilingual students.

In the 2020-21 school year, our district's cross subsidy for Special Education was \$1,500,000 and \$140,000 for EL.

INSTRUCTIONAL FLEXIBILITY, TRANSFORMATIONAL LEARNING

Maintain the day and hour requirements of a school calendar and extend flexibility to count the "hours of educational services" as "instructional hours."

Define educational services as "equitable learning opportunities and services that prepare each student with the knowledge and skills to learn, engage civically and lead meaningful lives."

1. Reliable Funding
2. Eliminate Cross Subsidies

2022 March 21, 2017

404 EMPLOYMENT BACKGROUND CHECKS

I. PURPOSE

The purpose of this policy is to maintain a safe and healthy environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

III. PROCEDURES

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check. The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check, but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the McDowell Agency or the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minn. Stat. § 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies.
- B. In order for an individual to be eligible for employment or to provide athletic coaching services or other extracurricular academic coaching services to the school district, except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.
- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the state board of teaching or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
 3. the individual executes a written consent form giving the school district access to the results of the check; and
 4. there is no reason to believe that the individual has committed an act
- 404-2
- subsequent to the check that would disqualify the individual for employment or provision of services.
- E. For all nonstate residents who are offered employment with or the opportunity to provide

athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.

- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

IV. CRIMINAL HISTORY CONSENT FORM

A form to obtain consent for a criminal history background check is included with this policy.

Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.

8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.

MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

[Note: School districts must utilize the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") to conduct pre-employment queries, annual queries, and reports regarding CDL holders who operate CMVs on public roads (including school bus drivers) and who are covered by the Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Program. [Note: A school district is permitted, but not required, to conduct pre-employment testing for the use of alcohol. If a school district elects to require pre-employment testing for alcohol, it should include the bracketed text in Subparagraph a., above, and test all applicants uniformly.]

- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. ~~In order to~~ To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.

[Note: ~~The federal~~ regulations require school districts to inquire about, obtain, and review alcohol and controlled substances information from prior employers pursuant to a driver's written authorization, prior to the time a driver performs safety-sensitive functions, if feasible. 49 Code of Federal Regulations section C.F.R. § 382.413 and 49 Code of Federal Regulations section C.F.R. § 40.25. If not feasible, school districts must not permit the employee to perform safety-sensitive functions for more than thirty (30) days from the date a safety-sensitive function was performed unless the school districts make good faith efforts to obtain the information and to make a record of those efforts to be retained in the driver's qualification file.]

- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

32. Post-Accident Testing

[Note: 49 [Code of Federal Regulations section C.F.R. § 382.303](#) governs post-accident testing of drivers.]

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. [The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.](#)

43. Random Testing

[Note: 49 [Code of Federal Regulations section C.F.R. § 382.305](#) governs random testing of drivers.]

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.

[Note: The Federal Highway Administration (FHWA) ~~lowered~~ [has set the random alcohol selection and testing rate from ~~at~~ 1025%](#) of the average number of driver positions ~~to 10% in 1998~~ and evaluates this minimum percentage each year. School districts can elect to stay at [the 1998 level of 25%](#) (or a higher percentage) if they do not want to monitor the minimum annual percentage rate set by the FHWA. The random controlled substances selection and testing rate has remained at 50% each year and has not been lowered to 25% as is possible under

the regulations.]

- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

54. Reasonable Suspicion Testing

[Note: 49 Code of Federal Regulations section C.F.R. § 382.307 governs reasonable suspicion testing of drivers.]

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, ~~or~~ within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.

- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

[Note: ~~49 Code of Federal Regulations sections C.F.R. §§ 382.309, 40.23(d), and 40.305 govern return-to-duty testing.~~]

- 65. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.

[Note: ~~49 Code of Federal Regulations sections C.F.R. §§ 382.311, 40.307, and 40.309 govern follow-up testing.~~]

- 76. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.

- 87. Refusal to Submit and Attendant Consequences

[Note: ~~Consequences for refusals to submit to required drug and alcohol tests are addressed generally in 49 Code of Federal Regulations sections C.F.R. §§ 40.191, 40.261, and 382.211. They are more specifically addressed in 49 Code of Federal Regulations sections C.F.R. §§ 382.501-382.507 and in 49 United States Code section U.S.C. § 521(b).~~]

- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
- b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code section U.S.C. § 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-

sensitive functions.

- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

[Note: The Federal Drug Testing Custody and Control Form (CCF) must be used to document every urine collection required by the DOT drug testing program. 49 [Code of Federal Regulations section C.F.R. § 40.45.](#)]

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.
- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the

donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.

- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

[Note: The DOT Alcohol Testing Form (ATF) must be used for every DOT alcohol test. 49 Code of Federal Regulations section C.F.R. § 40.225.]

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a "negative" test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor's inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.

- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver's or driver applicant's expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.

[Note: The limitation on discharge in Paragraph 2., below, is contained solely in Minnesota law. State law is preempted by federal laws and regulations as it relates to drivers of commercial motor vehicles (such as bus drivers). See Minnesota Statutes section Minn. Stat. § 221.031, Subd. 10. Nevertheless, school districts may decide to comply with the state law requirements for various reasons (such as to treat all school district employees equally since employees subject to testing only under state law are accorded these additional rights). Consultation with the school district's legal counsel is recommended.]

- 2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
 - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [***name, address, telephone number***], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, Chapter 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

[Note: The federal recordkeeping requirements for school districts are detailed in the federal regulations, 49 Code of Federal Regulations sections C.F.R. §§ 382.401 et seq. and 40.331. The DOT publishes a guide to the recordkeeping requirements of mandatory drug and alcohol testing for persons with a commercial driver's license as part of its Alcohol & Drugs: DOT Compliance Manual.]

2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

"Basic records" includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
--	---------

Collection records <u>Alcohol and controlled substance collection procedures</u>	_____ 2 years
---	--------------------------

Negative and cancelled drug <u>controlled substance</u> tests	_____ 1 year
--	-------------------------

Alcohol tests with less than 0.02 concentration	1 year
---	--------

Education and training records	indefinite
--------------------------------	------------

"Education and training records" must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") as required under federal law, including:

a. The name of the person tested;

b. Any verified positive, adulterated, or substituted drug test result;

c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;

d. Any refusal to submit to any test required hereunder;

e. Any report by a supervisor of actual knowledge of use as follows

i. Any on-duty alcohol use;

ii. Any pre-duty alcohol use;

- iii. Any alcohol use following an accident; and
- iv. Any controlled substance use.

f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;

g. Any negative return-to-duty test; and

h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.

2. Referral, Evaluation, and Treatment

a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.

[Note: Subparagraphs b. and c., below, are based on the provisions of 49 Code of Federal Regulations section C.F.R. § 40.289.]

b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.

[Note: School districts are not required to comply with state law governing drug and alcohol testing when the individuals are subject to the federal laws and regulations (i.e., bus drivers). If a school district, after consultation with legal counsel, chooses to comply voluntarily with these requirements, Subparagraph b., above, can be modified as follows:

b. The school district will offer a driver an opportunity to return to a DOT safety-sensitive duty following an employee's first positive test result on a confirmatory

test if no reasons independent of the first test result for discharge exist. Otherwise, the school district may choose, but is not required, to provide an SAP evaluation or any subsequent recommended education or treatment.

- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in ~~Minnesota Statutes, §§sections~~ 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy.

[Note: When the testing of drivers complies with federal testing requirements and procedures, school districts clearly are exempt from the state drug and alcohol testing requirements in Minnesota Statutes, §§sections 181.950-181.957. See Minnesota Statutes sectionMinn. Stat. § 221.031, subdivisionSubd. 10. When testing beyond the federally mandated requirements, however, school districts still must comply with state law.

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of

Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations§ 382.701.
2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual's privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.
4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

IV. DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Circumstances Under Which Drug or Alcohol Testing May Be Requested or Required:

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, unless the testing is done pursuant to this drug and alcohol testing policy; and is conducted by a testing laboratory ~~which participates in one of the programs that meets one of the criteria~~ listed in Minn~~esota~~ Statutes~~, §section~~ 181.953, Ssubd~~ivision~~ 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing on an arbitrary and capricious basis.

2. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer ~~which that~~ is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

3. Random Testing

The school district may request or require employees to undergo drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

4. Reasonable Suspicion Testing

The school district may request or require any employee to undergo drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of drugs or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minn~~esota~~ Statutes~~, section-~~ § 176.011, Ssubd~~ivision-~~ 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

5. Treatment Program Testing

The school district may request or require any employee to undergo drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

6. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

B. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

C. Definitions

1. "Drug" means a controlled substance as defined in Minnesota Statutes, including medical cannabis, regardless of enrollment in the state registry program.
2. "Drug and Alcohol Testing," "Drug or Alcohol Testing," and "Drug or Alcohol Test" mean analysis of a body component sample ~~according to the standards established under one of the programs by a testing laboratory that meets one of the criteria~~ listed in ~~Minn.esota_Statutes, § section~~ 181.953, ~~Ssubd.ivision~~ 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested.
3. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
4. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the school district in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a

commercial driver's license are governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.).

5. "Positive ~~T~~est ~~R~~esult" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in ~~Minnesota~~ Statutes, ~~§~~section 181.953, ~~S~~ubdivision 1.
6. "Random ~~S~~election ~~B~~asis" means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the school district discretion to waive the selection of any employee selected under the mechanism.
7. "Reasonable ~~S~~suspicion" means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.

c. The employee may present verification of enrollment in the medical cannabis patient registry as part of the employee's explanation.

~~d.~~ Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

~~de.~~ Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug or alcohol threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.
6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform ~~him or her~~ the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.

In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug and alcohol testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment G to this policy.
