- Discussed how to get items on the list? How will add new ideas?
- [Stacy Shewell](#) wonders about the 40 year plan and the amounts listed? Fears that HB 1257 might trump desired community projects.
- Beau shared that it might not be beneficial for us to plan too far out due to unexpected legislation such as HB1257
- Cole would like to meet in person and visit sites to walk around to see physically.
- Lee Hanson has expressed interest in attending, but could not attend today.
- Next time Randy will come back with a prioritization for projects in a short and long term.
