LETTER FROM BOARD PRESIDENT

DAVID GUNNARSON

As I complete my tenth and final year on Marshall School's Board of Trustees, I want to express how honored I am to have been part of such an important educational institution. During my tenure, I have witnessed how Marshall is at the forefront of independent education, not only in the Twin Ports, but throughout the Midwest. Our students receive an exceptionally unique educational experience – one where they are known by their teachers and given opportunities to grow into creative and confident problem solvers.

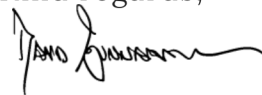

This past year has been especially rewarding. Building on the strengths of our faculty and staff, Marshall School is expanding its educational reach to elementary age students with the launch of the Forest School in the Fall of 2022. Vision for the Forest School arose from a growing need in the community coupled with Marshall School's strong history of offering educational opportunities that best cultivate students' gifts and passion for lifelong learning.

Marshall is a trailblazer on this path as it is the first Forest School elementary program of its kind in Minnesota.

The Hilltopper community also devoted time this past year thinking about who we aspire to be as an institution. From numerous discussions with students, faculty, parents and alumni, a new mission statement was crafted for the school – *inspiring lifelong learners to embrace challenge and create positive change*. This mission focuses us on what is most important – a student-centered approach that will benefit students well beyond their time at Marshall.

With growth on the horizon, Marshall moves into the future with an abundance of opportunities. Thank you for the part you have played in making the past year at Marshall possible. We cannot move forward without the philanthropic support of our donors. I hope you will continue to partner with us and join us in *inspiring lifelong learners to embrace challenge and create positive change*

Kind regards,

ANNUAL FUND

Unrestricted gifts to Marshall's Annual Fund are a vital part of the school's annual operating budget, and support every facet of Marshall's mission of academic excellence, character development, global citizenship, and service to society.
