Principal's Phoenix Flyers:

Hello RAHS Families and Community –

We are so fortunate to be a part of a school district that supports innovative schools and opportunities for all students. Highline Public Schools will have a bond on the November ballot - you can read more about the initiatives and frequently asked questions here: [School Bond Webpage](#)

A big “thank you” to the Seattle Times who recently featured Raisbeck Aviation, Maritime and Big Picture High Schools in a feature article about [Innovative Schools](#) highlighting a wonderful documentary film about the schools. Doctoral student **Kaci Salnick** explores how our three innovative high schools are changing the narrative of public education. In the 40 minute film “[One Thousand Steps](#)” you will see some familiar faces!

We continue to celebrate the myriad of ways that Hispanic/Latinx aviators have changed the face of the industry. The first Hispanic American Astronaut, was **Franklin Chang Diaz**. Diaz was born in Costa Rica, moved to the US in 1969, and went on to attain a PHD from MIT. In 1986, he had his first space flight and went on for 6 additional missions. Now he is the CEO of Ad Astra Rocket Company.

PTSA Reflections Contest

The Raisbeck Aviation PTA is looking for art submissions for this year's National PTSA Reflections contest. The Reflections Contest is a themed, national contest. It encourages students to represent their school by expressing themselves through the arts. The theme this year is: "Show Your Voice!"

Students will compete in the High School Division for grades 9-12. Students can submit to more than one category but are only allowed one submission per category. The categories are: Dance, Film, Literature, Music Composition, Photography, and Visual Arts

Your contest submission, along with a [student entry form](#), must be completed and submitted by **Monday, November 29th**. After the PTSA has received all submissions, local artists will review the submissions and decide which submissions should advance to the state level. At the state level, students' submissions will compete against other high schoolers in the state. The winners at the state level will go on to compete nationally in Washington D.C.

Detailed entry rules can be found at www.wastatepta.org/events-programs/reflections under the Student Entry Rules Tab. Or you can view our PTSA's [Google Slide Presentation](#) which provides a more simple step-by-step overview of the Contest.

Any student with a disability defined under the Americans with Disabilities Act can submit to the Special Artist Division. More information can be found under the Special Artist Division Tab.

The PTSA has a small budget and can help purchase materials for any student in need. To request assistance, or if you have any other questions regarding the reflections contest, please email Raisbeckreflections@gmail.com.

Thank you,

Raisbeck Aviation PTSA
