

Home Visits in Head Start

RPS Preschool requires teachers to complete two home visits per school year for children enrolled in Head Start and Early Head Start classrooms. Home Visits are conducted virtually, unless otherwise requested by the parent, and typically last 30-60 minutes.

- Initial Home Visit Window: August 25, 2022 - September 30, 2022
- 2nd Home Visit Window: April 3, 2023 - April 28, 2023

Family and Community Engagement

Richmond Public Schools Preschool Program goal is to close the achievement gap for at risk and low income families. One of the ways to accomplish this goal is through parental involvement. Parent involvement is one of the keys to your child's success.

We are asking all parents to partner with us through a Parental Engagement Contract, which means parents agree to the following:

Bring your child to school on time every day.

Read to your child at least three (3) to four (4) times a week. Every night is even better.

Participate in orientation, parent meetings, home visits, parent/teacher conferences, and other events.

Volunteer for at least 40 hours during the program year.

Keep all medical and dental appointments, including follow-ups for medical appointments.

Keep all your child's medical and dental forms current.

Participate in Family Engagement Events.
