

Screening and Assessment

Children will be screened on their development to inform classroom interventions and supports. Screenings will take place in the summer and/ or the first 45 days of school. Screening may also be a part of the school-based intervention team process; parents will be notified prior to screening to provide consent, and RPS programs only use research-based tools.

Screening Tools	Purpose	Dates	Results Shared with Families
CBRS	Social Emotional Screening	Within VKRP Windows	November 8, 2022 June 1-7, 2023
ASQ3	Developmental Screening	Screening Days and No Later than 45 Days into School	November 8, 2022
ASQSE2	Social Emotional Screening	Done with parent as part of child support process as needed	Within 5 Days of Screening

Children’s learning and development is assessed at regular intervals throughout the year to give you up to date information on their school readiness and progress. Teachers will share screening and assessment results and set goals with the parent based on strengths and needs at Family Conferences.

Parent Conferences

Teachers will engage with parents in a conference a minimum of twice per year on designated parent conference days. During parent conferences, teachers will share children’s developmental progress toward school readiness with the family and share activities to support learning at home. Additional conferences can be scheduled at the parent’s request. Parents are encouraged to contact their student’s teacher anytime to discuss their student’s progress.

- Parent Conference #1: November 8 (Designated Day)
- Parent Conference #2: March 10 (Designated Day)
- End of Year Assessment Sharing: June 1, 2023 - June 7, 2023 (Informal Conference Window)

Student’s school/site will determine conference hours.
