Military Recruiter Access to Student Data

Military recruiters routinely request names, addresses, and phone numbers of 11th and 12th graders. This information is used only for providing students with details on military and/or postsecondary opportunities, but is not shared with any other organization or connected to any conscription process. Section 9528 of the "No Child Left Behind" act of 2001 allows a parent or eligible student to request that student information not be released to the military recruiters and/or postsecondary institution. This requirement is separate from the current process of excluding students from release of "Directory Information" and must be requested annually.

Students currently in 11th or 12th grade or their parents may request that student information not be released to military recruiters by completing this form. Forms must be returned to the office by October 31 of each year. Name, address and phone number for students completing this form will be removed from any lists provided to military recruiters from all branches of the armed services and/or postsecondary institutions.

Request for Non-Release to:
