WHAT IS EARLY CHILDHOOD FAMILY EDUCATION (ECFE)?

Early Childhood Family Education (ECFE) is a family education program that is only offered through Minnesota school district Community Education programs like ours. ECFE's goal is to support and enhance the ability of parents and other caregivers, through community and early school connection, to provide the best possible environment for their child's learning and growth. Other benefits of ECFE:

For Parents:

- Support and information for parents during the transition to parenthood and through the various development stages up to kindergarten
- Meeting other families with young children in your community
- Becoming familiar with South Washington County Schools before your child enters kindergarten

For Children:

- Focused time with their parent to learn and explore in an early childhood environment
- Social skills developed in interaction with other young children in a rich early childhood environment
- Gain familiarity and comfort in a school setting prior to kindergarten

Our ECFE program provides a variety of opportunities that support foundational learning, parent involvement and the healthy development of children, including:

- Parent/Child Classes with Parent Discussion
- Parent/Child Activity Classes
- Family Events
- Home and Phone Consultation Opportunities for Parents
- Community Connections
 - Woodwinds Hospital
 - Washington County Libraries
 - Washington County Childcare
 - WIC
 - Headstart

ECFE is a partially State funded program and as a result the district is able to offer universal access based on a sliding fee scale. All families will have access to the program and no one is turned away for the inability to pay. Please see more information on page 15-16.

What Can I Expect When Enrolling in a Typical ECFE Class?

1. Parent/Child Interaction

During this time, parents and children will participate together in fun age-specific activities that support foundational learning all planned by a licensed school district early childhood teacher.

2. Parent Discussion Time

Parent discussion provides an opportunity to connect with other parents in a supportive environment. You will discuss and gain relevant information on topics related to supporting children's growth and development as well as group-generated topics. A licensed school district parent educator facilitates the parent discussion component.

3. Early Childhood Education

As parents participate in parent discussion, children are participating in age-appropriate learning activities planned by a licensed school district early childhood teacher. The activities that your child will participate in are intentionally planned to support social and emotional skills, language and literacy, creativity, cognitive physical and motor development.

EARLY CHILDHOOD SCREENING

Early childhood screening is required by the State of Minnesota for any child entering kindergarten in a public school and is provided free of charge. Screening is recommended at 3 years old and is a quick and simple check of how your child is growing and developing. If your child has not yet been screened and is between the ages of 3 and 4, please call our office to schedule an appointment at 651-425-6175 or go to: sowashco.org/screening

Please note: Early childhood developmental screening includes a vision screening that helps detect potential eye problems, but is not a substitute for a comprehensive eye exam.

Have questions on your child's development?

No two children develop, grow and learn in the same way or at the same pace. However, children do develop in certain predictable ways. To review developmental milestones, encourage healthy development, and learn additional resources for your child, visit Help Me Grow at www.helpmegrowmn.org

If you have questions about your child's development, or the milestones they are or are not achieving, please contact our office at 651-425-6121.

ECFE REGISTRATION INFORMATION

Class Age Ranges

When reviewing the class offerings, you will find specified ages for each class. The age range pertains to the first day the class will begin. For example, a child enrolling in a toddler class with the age range of 12–24 months must be no younger than 12 months and no older than 24 months on the first day of class. The only exception is the ECFE Friends class in which the age range applies to Sept. 1, 2022.

Sibling Care

Sibling care is a fee-based option and is offered for siblings who are kindergarten age and younger. Registration in sibling care is required for siblings of children attending an age-specific class and do not meet the age range listed. Children that are age eight weeks or older must be registered for sibling care. Infants up to eight weeks of age may remain with parents in the classroom. **Please note:** if you are planning to attend an ECFE class with a child that is a sibling and will turn eight weeks within the class session, please register for sibling care to ensure appropriate staffing. The program is not able to serve drop-in sibling care needs.

Immunization Records and Birth Certificate

Minnesota state law requires that a current copy of your child's immunization record must be submitted to the ECFE office in order to complete your child's enrollment. In addition, South Washington County Schools requires a copy of your child's birth certificate to be on file.

Out of District Residents

Minnesota residents are eligible to take classes in any ECFE program throughout the State. If you live out of state and are interested in enrolling, please call our office at 651-425-7181 or 651-425-7160. Online registration is not available for participants living outside of Minnesota.

FEE SCALES

Class fees are per child and not per family. If you have questions regarding the fee scale, please call our ECFE office at 651-425-7181 or 651-425-7160.
