4. Changes to a specific student's timetable, schedule of courses or adjustments to the IB Core Requirements (*) for graduation can be made at the discretion of the secondary principal in consultation with parents.

This policy is not retroactive and only applies to students entering grade 9 in August 2021 (KIS class of 2025) and beyond. Guidelines for students in grades 10 (KIS class of 2024) and 11 (KIS class of 2023) in 2021-22 will follow a prorated credit system indicated below.

AWARDING ACADEMIC CREDIT

The credibility of the KIS Diploma is dependent on KIS maintaining high standards.

In grades 9 to 12, credit is awarded on a course-by-course (or subject-to-subject) basis each semester, according to the following guidelines:

- Course credit (a half credit each semester) will be granted to students who earn a final score of 3 (on a scale of 1 to 7) or above. Credit is not awarded for a grade of 2 or below.
- Students who achieve a grade of a 1 or 2 in any subject may be given the opportunity to recover the credit on a case by case basis. Possible means of credit recovery include, but are not limited to, completion of supplementary assignments, completion of supplementary assessments or completion of online courses.
- Students with less than 90% attendance in a class in a semester may not automatically earn credit despite receiving a score of 3 or above.
- A student may be placed on "Academic Probation" if s/he continues to earn a 3 or below in more than one subject. The student will be expected to meet the terms and conditions of the probation in order to continue to study at KIS.

Where a specific learning difficulty has been verified and documented, a student may be placed on a Learning Support Plan. In this case, the decision to permit registration in specific courses will be made in consultation with the student, parent, course teacher, learning support teacher and the IB Program Coordinator/Principal.

Transfers

KIS will not award transfer students more than eight credits per year in MYP years for completed courses at a previous school(s). The Secondary School Principal may waive particular KIS graduation requirements if they could not have been met at a previous school(s).

Academic credit and attendance

When a student is absent from school and makes up homework and tests, only part of the learning process proceeds normally. When students are absent, they miss:

- The interactions that take place during classroom discussions.
- The opportunity to clarify feedback from teachers and peers regarding progress towards learning targets and learning outcomes.
- The direct and first-hand learning which comes through classroom activities.
- The possibility to ask questions to clarify homework, presentations, activities, discussions and assessment tasks.
- Ongoing small group work and projects.
- The opportunity to take out books or other print materials needed for research.
- The opportunity to use the school's print, media, and educational technology tools for research.

Excessive absences

Students are expected to attend school and their courses each day. Every student shall maintain an attendance rate of **at least 90%** for each semester of the school year.

Students who are absent from a particular course for 9 lessons or more in any semester for any reason, apart from school-sponsored trips, are considered to have "excessive absences". A student with excessive absences may not automatically receive credit for courses, impacting their progress towards graduation.

Excessive absences compromise a student's ability to achieve his/her academic potential and could have negative consequences on one or more of the following areas:

- Participation in school-sponsored trips
- Meeting expectations on their Approaches to Learning (ATL's)
- Earning a passing mark (3 or above) for achievement
- Advancing to the next grade
- Continuing enrolment as a KIS student
- Earning an IB Diploma and/or an KIS Diploma

Note: KIS may be required to inform colleges/universities or other secondary schools of student excessive absences.

AWARD OF THE KIS DIPLOMA

The Secondary School Principal will convene an academic council to review credits earned, and the requirements met, by grade 12 students. The Secondary School Principal (or his designate) may use his/her discretion to take the following actions.

- Inform a student and family that a student may be at risk for not meeting requirements to earn a KIS Diploma by the end of the first semester of grade 12.
 - Attach specific conditions to the award of the KIS Diploma. The student and his/her family will be notified in writing.
 - Notify, in writing, any student who has not met the minimal requirements necessary to earn a KIS Diploma by 1 May.
 - Recommend that a KIS Diploma be awarded to a student who has not met the minimal requirements necessary to earn the said KIS Diploma, when sufficient, extenuating or mitigating factors justify its award.
-
