BE KIND  
DO GOOD  
WORK HARD  
MAKE THE WORLD BETTER

Most schools don't have a vision to transform education and lead in the industry with innovative ideas (Bear's Student Enterprises, MODI, Future Holders).

Aspen Academy is  
**ALL IN.**

Most education creates students who may be able to pass tests, but who may not have the skills to create a life of consequence.

Aspen Academy is

**ALL IN.**

Most independent schools close their tuition gap by dipping into endowments or by fundraising (their school tuition doesn't even cover everyday operations).

Aspen Academy is

**ALL IN.**

At Aspen Academy, every dollar of tuition is directly allocated to salaries and fixed operating expenses.

The last three years have been among the most trying in education, yet we continue to create successes with resilience and partnership. As always, we stand in financial integrity: we won't compromise when it comes to the high standards we've put in place for your child's education.

Aspen Academy is

**ALL IN.**

To continue our commitment to robust educational programs that create a thriving and challenging environment for your students, we need your partnership.

At Aspen Academy, the Annual Fund supports **THREE PROGRAMS** which are the foundation of our commitment to your family.

# 1. Teachers: Professional Support

**We attract, recruit and retain the nation's finest and most expert teachers.** To develop and maintain this level of teaching mastery, we are committed to providing the tools and resources for continual growth and improvement in all areas of instructional expertise.

## 2. Learning: Curriculum and Programs

With the ever-changing pace of technology and a shifting global landscape, today's learners will likely need far different skills than leaders of past decades. We are committed to continually provide relevant, cutting-edge learning in the best curricula that prepare your students as leaders who lead themselves for life.

# 3. Students: Tuition Support

At Aspen Academy, we are committed to full and diverse enrollment and providing an education of consequence to all of our students. To this end, the annual fund provides Tuition Support to select, mission-fit families. Through this program we build an intentional community with an important focus on inclusion.

# Our Goal

In order to continue these three programs we need to raise a total of \$542,607 for our Annual Fund.

That's an average donation of \$1,282 per student.

\*For reference, the median annual giving per student at a Colorado independent school in 2021-2022 was \$1,507.

Let's go
