

## Stephens County Schools

### PLAN FOR ARP ESSER FUNDS 2022-2023

ARP ESSER funds allow the Stephens County School System to take additional steps to safely reopen schools for in-person instruction and address the disruptions to teaching and learning resulting from the pandemic. This includes using funds for mitigation strategies, as well as addressing the many impacts of COVID-19 on students, including interrupted instruction. Funds may be used to implement strategies to meet students' social, emotional, mental health, and academic needs; offer crucial summer, afterschool, and other extended learning and enrichment programs; support early childhood education; invest in staff capacity; and avoid devastating layoffs at this critical moment, ensuring that all students have access to teachers, counselors, and other school personnel to support their needs.
