## State-of-the-Art Digital Presses

## PRESS PRODUCTION

### *We're here to help!*

Utilizing our printing and copying services will decrease your in-house copier costs and staff hours spent on large duplicating jobs.

### *Production*

Your documents will be produced on state-of-the-art equipment with high resolution quality and speed. We will finish your job in our bindery department and package and deliver to member districts during the school year at your specifications.

- Booklet Binding
- Cutting
- Numbering

## *Customer Satisfaction is our Top Priority*

*As a relatively new superintendent, it is imperative for me to ensure only high quality products are distributed by the school district to our students and our communities. After conducting some research, I came across the ESC Print Shop. Linda took a lot of time to sit with me and talk about the services they provide and answer all of my questions. Our District utilizes not only the graphic design offerings for our community newsletter, but we also use the Print Shop for many of our bulk printing needs and notecards. The quality of work is exceptional! I would recommend both the ESC Print Shop to anyone who has any printing needs.*

—James Saxer, Superintendent  
Dalton Local Schools

*The support and expertise of the Graphic Design/Print Shop has been a great benefit to our school district. The Graphic Designer provides our community a newsletter and calendar that are both economical and professional. We are proud to use these products to represent our schools! In addition, the Print Shop provides a cost-saving service on a wide variety of printed materials.*

—David Fischer, Superintendent  
Sandy Valley Local Schools
