

Student Housing Survey

The McKinney-Vento Assistance Act protects and supports the educational rights of students who do not or did not have permanent housing. Often, not having your own, regular place to live, to sleep can get in the way of education. Lacking your personal, secured, fixed, regular, and adequate nighttime residence can be a barrier with friends and social interactions. Your school can better accommodate you. Your answers help determine the free services the student(s) may be eligible to receive, such as free breakfast & lunch, school supplies, most school fees waived, community resource information, right to school of origin and potential transportation assistance, basic needs, counselor “check ins” with child, an advocate, amazing college opportunities for youth living without parents, etc. *Sensitive information is confidential with need to know staff to maintain family privacy.*

**Please check how you’ve lived in the last year, starting July 1st.
