

CAMPUS SECURITY

2022 ANNUAL SECURITY REPORT

OVERVIEW

This report's compilation and distribution are mandated under the Student Right-to-Know and Campus Security Act of 1990. This law requires colleges and universities to disclose information about campus safety and security procedures and provide statistics concerning the occurrence of several criminal offenses.

MESSAGE FROM THE CAMPUS SECURITY TEAM

The Department of Campus Security wants to welcome you to Gratz College. Gratz College is dedicated to providing its students, faculty, and staff with a safe and secure environment in which to pursue their educational goals.

INTRODUCTION

Gratz College provides a pluralistic education and engages students in active study for professional growth and personal enrichment. Gratz offers graduate and undergraduate degree and certificate programs and learning opportunities for adults and teens. Gratz College seeks to maintain and expand its institutional and academic relationships in Philadelphia, North America, and worldwide through productive partnerships. Many of Gratz's programs reflect the College's historical focus on Jewish studies and education. With a broad commitment to diverse constituencies' intellectual and professional growth, Gratz College creates access for students everywhere to become leaders in their professions and communities.

As a recipient of federal Title IV student financial, Gratz College must adhere to the provisions of the Jeanne Clery Disclosure of Campus Security Policies and Campus Crime Statistics commonly referred to as the Clery Act. One requirement of the Clery Act is that all postsecondary institutions receiving federal Title IV financial aid must publish an annual report disclosing campus security policies and three years' worth of selected crime statistics. In compliance, this report is prepared by the Gratz College Campus Security Authorities and available to the campus community and others, with the cooperation of local law enforcement agencies and various college offices, including the Office of Academic Affairs and the President's Office.

This publication is distributed under the Pennsylvania College and College Security Information Act and the following federal statutes: Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Section 486(e) of Public Law: 105-244, and the Accuracy in Campus Crime Reporting Act of 1997.

ANNUAL SECURITY REPORT (ASR)

Annual Security Report with statement of campus security policy and crime statistics provided to current and prospective students and employees under the Clery Act by October 1st of each year.

CLERY ACT

Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act. All public and private institutions of postsecondary education participating in federal student aid program are subject to it.

THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, also known as the Clery Act, is a federal law that requires all colleges and universities to disclose certain timely and annual information about campus crime and security policies.

Jeanne Clery was 19 years old when she was raped and murdered in her college dormitory. Her parents, Connie and Howard Clery, could not have known the danger she was in; standards for campus crime reporting did not exist in 1986. So the Clerys put into motion transformative change on two important fronts.

On Capitol Hill, they lobbied for revolutionary policy changes that would eventually take the form of the Jeanne Clery Act. Educators, families, and legislators could have an open dialogue about campus safety for the first time in our country's history.

Connie and Howard also worked with allies and advocates to form a 501(c)(3) nonprofit organization that would seek to prevent the kind of violence that had taken Jeanne from them. Today that organization, Clery Center, remains dedicated to guiding higher education institutions to implement effective campus safety measures.

About (clerycenter.org)

Under the Clery Act, Gratz College provides students and employees with information on its security policies and procedures and specific statistics for certain criminal incidents, arrests, and disciplinary referrals. It makes the information and statistics available to prospective students and employees request.

CAMPUS SECURITY AUTHORITIES

The Campus Rights-to-Know Act mandates institutions to disclose statistics for crimes reported to criminal justice agencies and crimes reported to their members of the campus community. Local contiguous police agencies providing crime data include the Cheltenham Township Police. While everyone on campus is encouraged to report a crime, some individuals are designated as campus security authorities (CSA) under the Campus Right-to-Know Act. The named campus security authority is somewhat misleading as it is applied to a group of people who are not necessarily engaged in security-related work by function. According to the law, any person who has the authority and duty to take action or respond to particular issues on behalf of the College or has significant responsibility for student actions is defined as a campus security authority (CSA). However, the CSA does not have the power to arrest and carry firearms. The local police are utilized when an arrest is appropriate. The College also uses outside police agencies for additional security during special events. Campus community members are encouraged to immediately report all crimes, emergencies, accidents, and suspicious individuals to a campus security authority.

Gratz College maintains a close working relationship with the Cheltenham Township Police Department while there is no written memorandum of understanding between the two. Because job titles and official responsibilities vary from campus to campus, the Campus Right to Know Act does not provide a list of specific titles that should be designated as a campus security authority. At Gratz College, the following titles have been recognized as campus security authorities:

- *President of College, all subordinate administrators.*
- *Dean of College, all subordinate administrators.*
- *Manager of Business Operations and Facilities, all subordinate administrators.*

EXAMPLES OF WHO IS A CSA

- Professional staff in a dean of students office.
- Faculty or staff advisors to student organizations.
- Contract security officers.
- Event security staff.
- Administrators at branch/satellite/separate campuses.
- A faculty member who does not have any responsibility for student and campus activity beyond the classroom Clerical or cafeteria staff
- Facilities or maintenance staff

KNOW YOUR RIGHTS!

THE STUDENT RIGHT TO KNOW & CAMPUS SECURITY ACT

The Student Right-to-Know and Campus Security Act requires colleges and universities receiving federal funds to notify community members as to who is considered a "Campus Security Authority". The U.S. Department of Education defines a Campus Security Authority as (1) A campus law enforcement unit; (2) An individual or organization specified in an institution's statement of campus security policy as the individual or organization that has significant responsibility for student and campus activities, but does not have significant counseling responsibilities.

ANNUAL SECURITY REPORT

Preparation of the ASR

The Director of Campus Security prepares the Annual Security Report (ASR) of crime statistics in compliance with the Clery Act. Colleges and universities are required to publish the Annual Security Report by October 1.

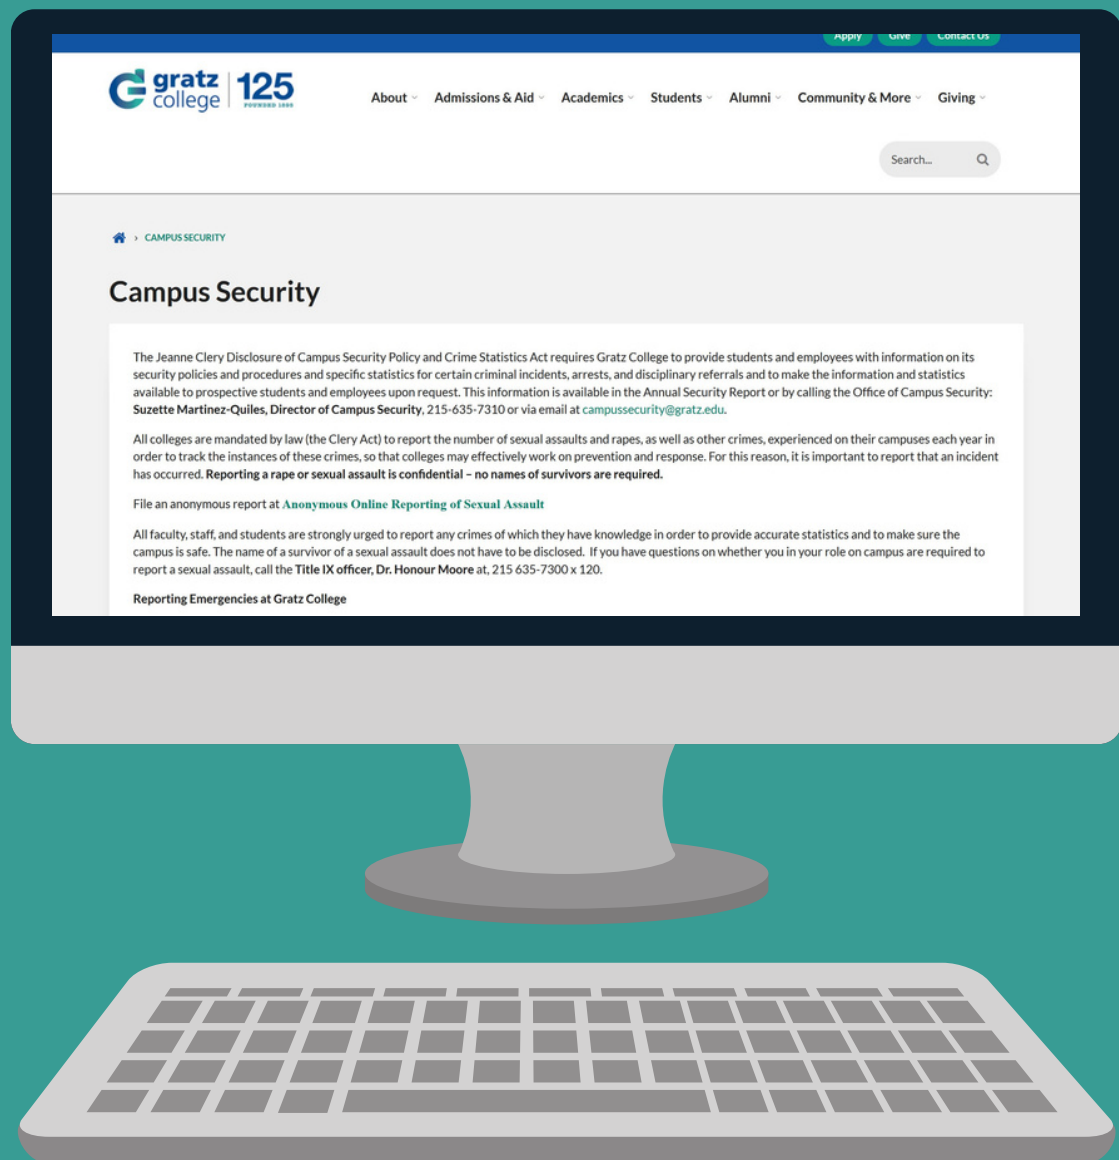

The ASR includes data gathered from college personnel and local law enforcement agencies. Under the Clery Act, Gratz College must report specific crime data every year, for the most current three year period, and certain security policy statements, including sexual assault policies, which assure basic victims' rights and explain where students should go to report crimes.

Each year, an email notification is made to all enrolled students, faculty, and staff that provides the latest Annual Security Report location. Copies of the annual report are also available for prospective students and employees on the Gratz College website at www.gratz.edu/campus-security.

Gratz College uses the Internet as the ASR distribution as long as the required recipients are notified and provided the exact Internet address where the report can be accessed. Printed copies are available upon request. A copy of the statistics is also provided to the U.S. Department of Education and can be accessed at <https://ope.ed.gov/campus-safety/>.

Please note, the Federal Clery Act may define a particular crime differently than that crime is defined under the Pennsylvania State Penal Code. For the purposes of this report, Gratz College uses the Clery Act definitions of crimes. Please see herein for the Clery Act definitions.

VOLUNTARY, CONFIDENTIAL REPORTING

Gratz College has a reputation for maintaining safe campuses where staff, students, and faculty can work and study without fear of personal safety or property. This is, in part, a result of everyone working together to create an atmosphere that is safe and conducive to learning. If crimes are never reported, little can be done to help other community members from possibly becoming victims as well.

We encourage the Gratz College community members to report crimes and support crime prevention efforts promptly. Gratz College will be much safer when all community members participate in safety and security initiatives. If you are the victim of a crime or want to report a crime you are aware of but do not want to pursue action within the college or criminal justice system; we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personal identifying information confidential while taking steps to ensure your safety and others' safety. The confidential reports allow the College and Centers to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report. In limited circumstances, the department may not be able to assure confidentiality and will inform you in those cases.

In the event of an emergency, prompt notification to Cheltenham. Police by dialing 911 and one of the designated Campus Security Authority (CSA).

All colleges are mandated by law (the Clery Act) to report the number of sexual assaults and rapes, and other crimes experienced on their campuses each year to track the instances of these crimes so that colleges may effectively work on prevention and response. For this reason, it is important to report that an incident has occurred. Reporting a rape or sexual assault is confidential – no names of survivors are required.

File an anonymous report at Anonymous Online Reporting of Sexual Assault

All faculty, staff, and students are strongly urged to report any crimes they know to provide accurate statistics and ensure the campus is safe. The name of a survivor of a sexual assault does not have to be disclosed. If you have questions on whether you in your role on campus are required to report a sexual assault, call the Title IX Coordinator, Ruth Sandberg at 215-635-7300 x168 or Title IX Deputy Coordinator, Tom Cipriano Jr. at 215-635-7300 x195.

VOLUNTARY, CONFIDENTIAL REPORTING

Students, staff, faculty, and visitors are encouraged to report sexual harassment, including sexual assault, sexual violence, or other sexual misconduct in all forms, but not limited to, domestic violence, sexual assault, sexual harassment, and stalking, and will take appropriate action against any individual found responsible for such actions.

When requested, Gratz College will make every attempt to protect the victim's privacy. In some situations, including those in which disciplinary action is a possible outcome, due process may require disclosure of information to persons accused. Gratz College will make every reasonable effort to abide by the victim's wishes to remain anonymous. However, the college will balance requests for anonymity/confidentiality with the safety of other members of the campus community.

A College investigation with respect to Title IX is separate from a criminal investigation into complaints alleging harassment or sexual misconduct that constitutes a criminal offense such as assault, battery, rape, or another form of sexual violence. A victim can file a report at any time, including during the duration of a Title IX investigation under this regulation. The Title IX Coordinator will coordinate with a criminal investigation as permitted by law.

Option for Confidential Disclosing of Sexual Violence

Gratz College wants victims/survivors to get the information and support that they need regardless of whether they would like to move forward with a report of sexual violence. As such, reporting individuals are advised of their right to confidentially disclose an incident to the College officials designated as confidential resources.

Campus Security Authority (CSA) are designated as confidential resources that can assist in obtaining services and accommodations for reporting individuals, regardless of whether a formal report is made or not. These employees will maintain as confidential the accommodations or protective measures provided to the extent possible. Individuals who are confidential resources will not report crimes to law enforcement or college officials without permission, except for extreme circumstances, such as health and/or safety emergency. Federal law does require that the advocate report only the nature, date, time, and general location of an incident to the Title IX Coordinator but will consult with the reporting individual to ensure that no personally identifying details are shared without their consent.

TIMELY WARNINGS

The purpose of a timely warning is to notify the Gratz community of the incident and to provide information that may enable community members to protect themselves from similar incidents better. Timely warnings cover those crime categories required in the Annual Report.

Per the Clery Act, timely warnings must be issued for the following crimes, if (1) the crime is reported to campus security authorities, who are identified on page 5 of this report, (2) the crime is determined to pose a serious or continuing threat to Gratz students and employees, and (3) the crime occurred on campus, in or on non-campus buildings or property owned by Gratz College, or owned or controlled by a student organization officially recognized by Gratz, or on public property that is within the campus or immediately adjacent to campus:

Timely warnings can be issued for threats to property, as well as for threats to persons. It is irrelevant whether the victims or perpetrators are members of the Gratz community.

The warning should be issued as soon as the pertinent information is available. A timely warning intends to alert the Gratz community to continuing threats, especially concerning safety, thereby enabling community members to protect themselves.

Warnings are distributed through Gratz College's emergency alert system. A combination of dissemination methods may also be used. Timely warnings may not be issued in a manner or posted in a location that requires the campus community to request them or search for them.

If a situation arises, either on or off-campus, that, in the judgment of a designated security team member, constitutes an ongoing or continuing threat, a campus-wide "timely warning" will be issued. The warning will be issued through the "Emergency Alert System." Anyone with information warranting a timely warning should report the circumstances to a designated Security Personnel by phone at 215-635-7310 or in person.

TIMELY WARNINGS

CRITERIA TO ISSUE A TIMELY WARNING

- Arson
- Aggravated
- Assault
- Criminal Homicide
- Robbery
- Burglary
- Rape
- Fondling
- Incest
- Statutory Rape
- Hate Crimes

EMERGENCY ALERT SYSTEM

The Emergency Alert System allows students, parents, faculty, and staff to submit their individual email, pager, or cell phone number with text messaging capabilities and service for immediate notification. In the event of an emergent or urgent situation, all emergency communications will be dispatched via Everbridge. Everbridge will send an e-mail or send a text message to a cell phone or other device. Subscribers will have a choice in their means of receiving their emergency information. The Emergency Alert System will only be used in emergencies and severe weather situations. If you receive an alert, you will be instructed to visit your Gratz College email, the Gratz College website, Message on the Main Phone System, and local radio and television stations for further instruction. In the event of system testing, an email will be sent out via Gratz College email before the notification system test.

FERPA does not preclude an institution's compliance with the timely warning provision of the campus security regulations. FERPA recognizes that information can be released without consent when needed to protect the health and safety of others in case of an emergency. Also, if institutions utilize information from a campus law enforcement unit's records to issue a timely warning, FERPA is not implicated, as FERPA does not protect those records.

Gratz College is not required to report crime statistics or issue timely warnings for Clery designated crimes that occur off-campus, except for those crimes committed on public property or in (on) *non-campus buildings or property*, as defined in the report. However, the College recognizes that timely warnings, even if not required by the Clery Act, may benefit the campus community in certain cases. The following criteria must be met for the College to issue a timely warning for an off-campus crime that does not require a timely warning under the Clery Act.

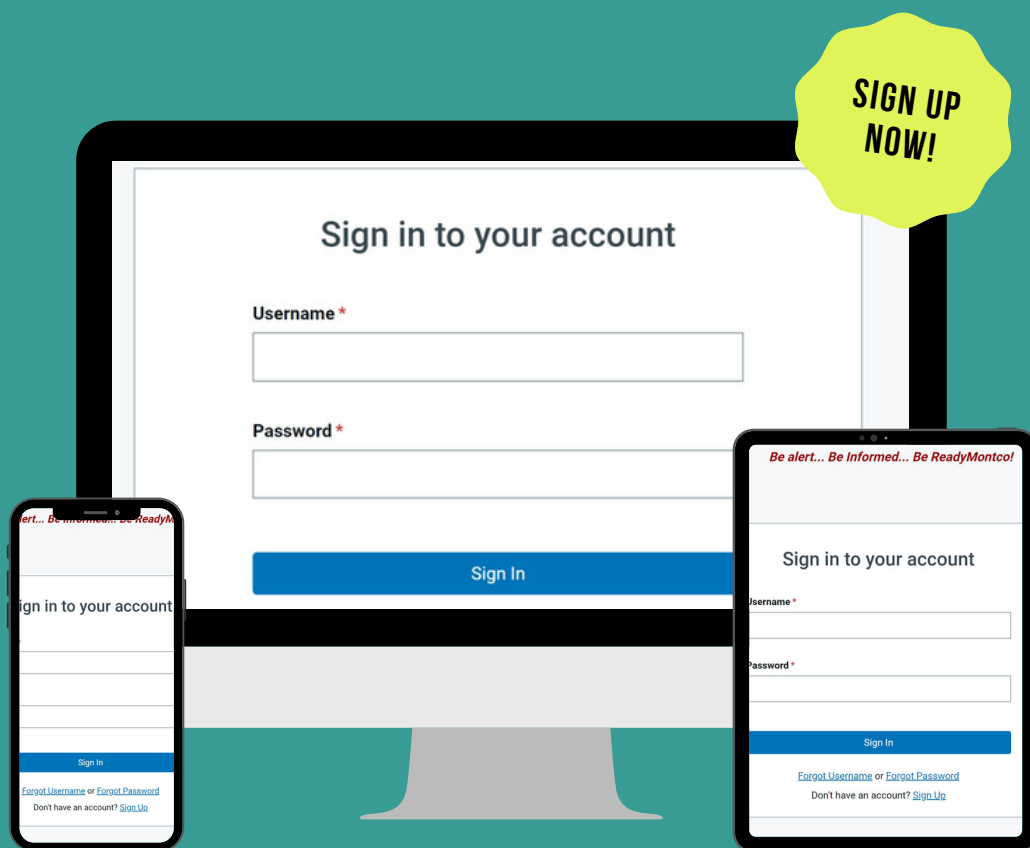

The crime is a murder, rape, or other serious and violent assault, or the local municipality requests that the College issue a timely warning.

The crime occurred in a geographic area frequented by Gratz College students.
The crime represents a continuous threat to the Gratz College campus community.

BUILDING SECURITY AND ACCESS POLICY

Building Access

Gratz College's business hours Mondays through Thursdays 9:00 am to 5:30 pm, and Fridays 9:00 am to 3:00 pm. Days and times may vary due to holidays, on-campus events, on-campus classes, and other unforeseen circumstances.

During business hours, Gratz College will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to the building is by key and security code, if issued, or by admittance via designated officials. In the case of periods of extended closing, Gratz College will admit only those with prior written approval.

Emergencies may necessitate changes or alterations to any posted schedules for building hours. In such emergencies, admittance to the closed building may be permitted by an authorized employee only.

Building Security Alarm

The Academic Building is equipped with three alarm systems:

1. Silent Alarm System: This is a system of "panic buttons," some of which are located at fixed points in the building. The "panic buttons" are to be used only in emergencies and provide notification directly to the Cheltenham Police Department. When used, the Cheltenham Police Department will respond immediately with weapons drawn.
2. Security Alarm System: This is a system consisting of fixed panels located within the building. This system is activated by breaches in the system, motion detectors, and manually pushing a button. Once activated, the system provides both an audible and visual warning on the premises. Both a security company and the Cheltenham Police Department are notified that the system has been activated.
3. Fire Alarm System: This system detects smoke with the result, the system is activated. Once activated, the system provides both an audible and visual warning on the premises, and the Cheltenham Fire Department is notified that the system has been activated.

Please note: All emergency doors must remain closed unless there is an emergency.

BUILDING SECURITY AND ACCESS POLICY

Procedures for Building Access

The employees who have the authorization to open and lock the building will follow the following procedures.

The Opening of the Building

The employee will disarm the building; doors will remain closed until the Front Desk employee arrives. The employee will walk the premises of the building to assure that the building is safe to open. Once the building has been confirmed safe, the employee will wait at the Front Desk for the Front Desk employee to allow them to enter the building. Once the Front Desk employee arrives, the front door will be unlocked. No one will be admitted into the building unless there is a Front Desk employee present.

During Business Hours

Any person without an access ID Badge will only be given access to the building once they have confirmed the following through the intercom:

- Reason for visit
- Identification

During large events and/or workshops, the intercom policy may change.

Visitors, Contractors, and invitees: Once in the building, the person(s) must sign in at the front desk, show identification, and collect a visitor's pass that must be worn visibly during the time of their visit.

No visitor will be allowed access to the rest of the building unless their designated person is aware of their presence in the building.

Once the visitor's visit is complete, they must sign out and return the visitor's pass.

Closing of the Building

At the time of closing, Maintenance personnel will walk the building's premises, confirming that no one is remaining in the building and that the necessary doors are locked and secure. Once the building has been secured, the Alarm will be activated, and both the Front Desk Employee and Maintenance will leave the premises.

BUILDING SECURITY AND ACCESS POLICY

Off-Campus Student Organizations

Gratz College does not recognize any off-campus student organizations. Off-campus activities involving students will be supervised by appropriate staff to notify local law enforcement authorities if a crime occurs. Supervisors of these events should also notify Gratz College's Manager of Business Operations and Facilities of these incidents. Still, Gratz College personnel do not have the authority to respond to off-campus incidents.

Building Maintenance

In conjunction with the Jewish Federation of Greater Philadelphia, the Gratz College Maintenance Department maintains the building and grounds with a concern for safety and security. Reports of potential safety hazards, such as broken windows, should be made to the Maintenance Department at (215) 635-7300, ext. 166 or the Reception Desk at ext. 100.

Weapons On-Campus

No students, faculty, staff, or visitors to the facility can possess weapons on campus. If security personnel are hired for a particular event or respond to a particular issue, only trained and licensed professionals are authorized to possess weapons.

ADDICTION

Addiction is a treatable, chronic medical disease involving complex interactions among brain circuits, genetics, the environment, and an individual's life experiences. People with addiction use substances or engage in behaviors that become compulsive and often continue despite harmful consequences. Prevention efforts and treatment approaches for addiction are generally as successful as those for other chronic diseases.

CAMPUS DRUG POLICY

Drug-Free Campus Policy

As an educational institution participating in various federal financial aid programs, Gratz College and its employees and students are subject to the Drug-Free Schools and Communities Act Amendments of 1989, 34CFR Part 86, Subpart B (collectively, the "Acts").

Both the Acts and Gratz College policy prohibit the misuse, illicit use, unlawful manufacture, possession, sale, or other illicit activity involving controlled/illegal drugs and intoxicating beverages by any student on school property or on-premises used for school functions.

Any student found possessing illegal drugs, misusing intoxicating beverages, or selling controlled/illegal drugs on school property or at any school function will be subject to disciplinary action, up to and including expulsion, and the matter may be referred to the proper authorities for possible prosecution.

School property is defined as Gratz College property (including desks, lockers, offices, restrooms, classrooms, break areas, etc.) made available to students for school-related purposes only.

School property may be subject to search or inspection at any time, without the students' consent or knowledge.

This document serves to inform you about the College's policies on alcohol and other drugs. The abuse of alcohol and the use of illegal drugs are inconsistent with our institution's academic goals.

To assist the campus community, Gratz College hopes to accomplish the following:

- Establish and enforce clear policies for employees and students that promote an educational environment free from the abuse of alcohol and the use of illegal drugs;
- Educate all members of the campus community about the health risks associated with the use of illegal drugs and the abuse of alcohol;
- Create a campus environment that promotes and reinforces healthy, responsible living and respect for community and campus standards and regulations;
- Provide a reasonable level of care for alcohol abusers and users of illegal drugs and those affected by it.

CAMPUS ALCOHOL POLICY

Alcohol Beverage Campus Policy

The consumption of alcoholic beverages on campus or in any building owned, managed, or operated by Gratz College is prohibited. The exception is when Gratz College sanctions an activity and allows alcoholic beverages to be served.

Purchase and Consumption of Alcohol

In compliance with Pennsylvania state law, alcohol must be served in a controlled manner and not be freely accessible. No one under the age of 21 or visibly intoxicated may be served. Alcohol must not leave the University event venue.

Mixed drinks/cocktails are not permitted to be served by student organizations.

Alcohol at Events

The Events Coordinator's Office must approve Gratz College sanctioned events being held on campus. If alcohol is served, beverages will be limited to beer and/or wine, and the event must meet the following requirements:

- Student groups wishing to serve alcohol must request at least three weeks in advance of the event. Requests are submitted to the Events Coordinator's Office after confirmed approval from the Dean of College.
- Alternative, non-alcoholic beverages and food must be served during the entire period that alcoholic beverages are available.
- The amount of alcohol is regulated through the Event Coordinator's Office. Alcohol may not be purchased, distributed, or sold on campus by students at a Gratz College sanctioned event.
- A bartender(s) is required for all approved events. The event's size determines the number of bartenders; the rationale is one bartender for each count up to 125 guests. The bartender fee (as determined by the caterer in advance of the event) is the event organizer's responsibility(s). It is the organizer's responsibility to collaborate with the Event Coordinator in advance of the event.
- Kegs, vats, and other large-scale containers of alcoholic beverages are not permitted.

Students' events must have a designated responsible contact. A responsible contact can be a faculty or staff member prepared to assume the responsibility for a controlled and successful event.

CLERY GEOGRAPHY

Clery Geography is the geographic area for which an institution is responsible for disclosing crime statistics. The following definitions describe the areas that cumulatively account for an institution's Clery Geography.

On Campus

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls. Also, any building or property within or reasonably contiguous to the area identified in the first part of this definition owned by the institution but controlled by another person is frequently used by students and supports institutional purposes (such as food or another retail vendor).

On Campus in Residential Halls

Dormitories or other residential facilities for students on campus" are a subset of the on-campus category.
