

WHAT'S THIS "FOUNDATION" BUSINESS?

The Glendale-River Hills School District Foundation is a non-profit organization that **raises money for Parkway and Glen Hills schools**. The people who run the foundation are **volunteer community members just like you** – folks who are passionate about our schools and want to support our kids' achievement and success.

Over the years, the Foundation has pumped almost a million dollars into our district through **keystone projects, teacher grants, tribute donations and other special donations**, while also growing an endowment that will serve the district in the future. We didn't pause during the pandemic: we were able to donate \$50,000 to the genius lab at Glen Hills, provide \$15,000 in seed money for the Family Emergency Fund, and fund numerous teacher grants.

The Foundation needs you! We are 100% volunteer-run. We need trustees and future leaders, folks interested in helping run events and programs (such as the **Fall run/walk, Spring Fling, teacher grants, tribute program**), and folks interested in fundraising. You don't need any special skills – just a passion for our schools and willingness to donate some of your time and creativity.

Join our virtual meeting on **WEDNESDAY, OCTOBER 12, at 8:00 pm**, to learn more about how you can help as a volunteer and lead as a trustee.
