THE POLICY

The Salt Lake City School District Board of Education allows the use of district buildings and grounds as community civic centers when that use does not interfere with a district function or purpose. The district does not discriminate or deny access to its facilities on the basis of age, color, disability, national origin, sex, religion, or any other class of individuals protected under federal and state law. The district also ensures equal access to its facilities for all youth groups listed in Title 36 of the United States Code, including scouting groups.

Any group using district facilities must comply with all applicable federal and state laws, board policies, and district administrative procedures. The district reserves the right to deny any organization access to its facilities that has previously failed to comply with any applicable law, policy, or procedure, or for any other rational and lawful reason. The board will annually review and approve the rental fee schedule for district facilities.

The purpose of this policy is to support the community's use of district facilities.

The district has set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

No district employee or student shall be subjected to discrimination in employment or any district program or activity on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status. The district is committed to providing equal access and equal opportunity in its programs, services and employment including its policies, complaint processes, program accessibility, district facility use, accommodations and other Equal Employment Opportunity matters. The district also provides equal access to district facilities for all youth groups listed in Title 36 of the United State Codes, including scouting groups.
