

WEST HARTFORD PREVENTION PARTNERSHIP COALITION

Join us to become part of the West Hartford Prevention Partnership Coalition as our Local Prevention Council.

Help us assess the substance use and mental health needs of our community and work proactively on the implementation of prevention strategies that are both equitable and diverse.

We are looking for residents with a passion to help others. Maybe you have seen a loved one struggle with addiction or mental health issues, maybe you are an expert in the field, or have lost a loved one to the disease of addiction, or are in recovery yourself and want to give back and educate others. Whatever the case, we want your voice and perspective to help create the web of influence in the community.

Among other things, participants may help secure grant funding for different initiatives, help volunteer at, plan, or attend community events or trainings, network and share resources within the community and share their insight and experiences.

It is important that our coalition not only appropriately reflect the diversity that exists in West Hartford, but also the diversity of experience. ALL ARE WELCOME!

Meetings typically take place the 2nd Thursday of the month @ 6:00PM, In Town Hall, room 217.

(Meetings subject to change. Please reach out to Kelly Waterhouse to confirm.)

**Next Meeting is scheduled for October 13th
@ 6pm in room 217 at Town Hall.
50 South Main St.
West Hartford, CT**
