STUDENT TRANSFER REQUEST (CONTINUED)

ADMISSION OF TRANSFER STUDENTS (See Regulation JECA-R)

A request of parent(s)/legal guardian(s) for the transfer of a student from one geographic school attendance zone to another will only be given consideration if one or more of the following conditions are met:

- 1. Course of Study** (permitted for high school students only)
For a course of study not offered at the school servicing the student's assigned attendance zone. The parent(s)/legal guardian(s) must provide written explanation for the request. Parent(s)/legal guardian(s) will be responsible for the student's transportation to and from school.
- 2. Final Year Completer**
For 4th, 7th, or 11th graders moving within the county during the school year, the parents(s)/legal guardian(s) may request that the student remain at the school they are currently attending to complete the final year of attendance at that school. Parent(s)/legal guardian(s) must provide a written explanation for the request. Parent(s)/legal guardian(s) will be responsible for the student's transportation to and from school.
- 3. Pending Move**
For students from a family with specific plans to move into the school attendance zone within one semester. Copies of proof of purchase for a residence or a rental agreement must be attached to the transfer application. Parent(s)/legal guardian(s) will be responsible for the student's transportation to and from school.
- 4. School Year Completer**
For students of a family who are moving from one county school attendance zone to another during the school year. The parent(s)/legal guardian(s) request that the student be permitted to complete the school year in the currently enrolled school, and must provide a written explanation for the request. Parent(s)/legal guardian(s) will be responsible for the student's transportation to and from school. (Please provide a new proof of residence.)
- 5. Staff Request**
For the son or daughter of a school-based staff member who wishes to have his/her child attend the school where he/she is assigned. The student must be in grades kindergarten through twelve and the parent(s)/legal guardian(s) will be responsible for the transportation. (The principal and staff member should reach an agreement regarding before and after school care for this child.)
- 6. Child Care** (permitted for elementary school students only)
For elementary school students only who are in child care situations such as daycare or before and after school care. Permission will be granted or denied based on school and classroom capacity. If request is approved, transportation will be provided by St. Mary's County Public Schools to the school for which the daycare is zoned. Child care is not a reason for transfer for middle and high school students.

Students will not be admitted to the requested school before written approval is received from all required parties.
