Introduction
SMCPS SY 2021 – 2022 Federal Impact Aid Survey

Welcome to St. Mary's County Public Schools SY 2021 – 2022 Federal Impact Aid Survey

Dear Parents/Legal Guardians:

Our schools are heavily impacted with federally connected students – those parents/guardians who work on federal property in Maryland, live on federal property in Maryland, and/or are active duty military personnel. Because of this impact, we receive federal grant funds to operate and maintain our schools and enrich school programs. To receive these funds, the U.S. Department of Education (USDE) requires us to survey such student to determine eligibility. The information has to be based on the survey date, September 30, 2021.

Please be assured that all information collected is confidential and used only for the stated purpose. The Impact Aid grant application provides only collective information on the numbers and locations of federally-connected students attending our schools. In order for the school system to apply for the Impact Aid Federal Funds, this questionnaire is necessary to determine the following:

1. Are either parents, stepparents, or legal guardians residing with the student, on active duty in the uniformed services?
2. Are any of the parents, stepparents, or legal guardians residing with the student, active members of the military reserves?
3. Are any of the parents, stepparents, or legal guardians residing with the student, active members of the National Guard?
4. Are any of the parents, stepparents, or legal guardians living with the student, a civilian employee of the Department of Defense (DOD) on federal property?
