

Evaluation of Professional Development

Session Title/Topic: _____

Workshop Presenter: _____ Date: _____

Workshop Contact: _____ Participant's Role: *Teacher Administrator Support Staff*

Logistics:	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
1. The professional development materials were well organized.					
2. The learning experience made effective use of time to focus on intended outcomes and to respond to participant needs.					
3. The facilitator is knowledgeable and has credibility with the participants.					
4. The location and set-up were conducive to learning.					

Content:	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
5. Content was substantive and connected to my work.					
6. The learning experience reflected attention to varying participant readiness and experience levels.					
7. The meeting experience was guided by overarching goals and by evidence of learning needs among participants.					
8. The learning was challenging but not overwhelming in relation to knowledge, skills, attitudes and beliefs of participants.					
9. I will be able to use concepts from this professional learning session in my own professional setting.					

Process:	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
10. Appropriate delivery and grouping strategies were used to promote learning.					
11. Learning activities promoted an interactive climate where participants shared ideas, asked questions and expressed opinions.					
12. Time for discussion and reflection was part of the meeting experience.					
13. Instructional and implementation strategies were modeled as part of the learning experience.					

Context:	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
14. The learning experience maintained a focus on K-12 students as the ultimate purpose for professional learning and formative assessment of teaching practices.					
15. The learning experience helped participants understand and/or practice skills and strategies they will implement in their professional setting.					
16. The interchange of questions and answers promoted deeper understanding and the development of a learning community.					
17. Sufficient resources were available for participants to succeed in this learning experience.					
18. I would recommend similar learning opportunities in the future.					

What was most helpful for you as a participant?

What was least helpful?

What suggestions do you have for future professional learning sessions?
