

The following student, _____, has committed an offense or combination of offenses which warrants an Out-of-School (OSS) suspension. As an alternative to OSS, the Wakulla County School Board has created the PASS (Positive Alternative to School Suspension) program. Students ride their normal buses to and from their regular schools where a special bus then takes them to and from the Wakulla Institute campus. We hope that this program will assist us in meeting the needs of parents along with the needs of the schools to maintain discipline.
