

## **PATIENT PROTECTION MODEL DISCLOSURE**

The Blue Cross Blue Shield of Kansas City (Blue KC) Blue Care HMO plan generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact Blue KC at (888) 989-8842. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.
