

Letter from the President

Hello fellow Alum.

I am sending greetings to all Alumni and friends. This is my first letter as president of the Alumni Association and realize that I have some big shoes to fill after Milton and Ralph's time as president.

First, I would like to thank all committee members and volunteers that have been in participation in the past years. A big shout out to Bill Cunningham for completing the task of rewriting the bylaws. This was a long and daunting process, and we appreciate all the time and effort into this project. Note: he did this pretty much single handedly.

In my turn as President I would like to build a volunteer base that can chair committees and assist where needed at events. I have some interest in filling all positions that were left vacant after this past year.

Remember this is a volunteer group that runs on a love for the school and still want to be a part of the machine that drives the Alumni association. The officers are needed for votes to achieve what we need to do. We filled a VP, Treasurer, President and a member at large position. We also have commitment from 5 or so people for volunteers. We need more!!!!!!

We also have a new head of school, and he is David Pearson. He has been very forthcoming in his effort to bridge a relationship with the association. He has given us the go ahead and can expect assistance from him whenever needed. He has been out in the community and keeping that same bridge open between the town and the school. We welcome you, David.

I will be leaning on our past President and have been approached by Tom Bertrand, Mike Dow, Scott Carter to help in any way they can. Thanks for the support!!

The campus is going through some major projects and the result will be amazing. Founders' renovation and when we see the sewer and water are in, we will see progress on the front lawn and new trees. Thank you for all that give as this would not be possible without you.

Memories are what drives this group of people in the association to make sure everyone has an event to come to every year and to maybe see a few old faces serving a burger or chili at homecoming or giving tee shirts to the newly graduated seniors as we wish them well in all their endeavors. The golf scramble is amazing and is sold out every year. Again, a lot of work. This is all in addition to the many little things we do over the year to earn money so that we can have such a fantastic weekend here in August.

I am looking forward to moving forward with the tasks at hand as president. We have many changes with committee members and our common goal is to raise funds. Also we are here to support alum and their classes while working with the school and take this to the next level.

See you on campus!!! Go Huskies!!!

Buddy Ingraham
