

LEADERSHIP GIFTS

Leadership gifts to capital campaigns provide individuals and families the opportunity to transform an institution. Gifts to Creating Our Future will help elevate the learning environment for Battle Ground Academy students for years to come.

We encourage our donors to consider the following opportunities when making a gift to the Campaign. Donors may make outright gifts to Creating Our Future or spread their giving out over a period of agreed upon years. In addition to the opportunities listed below, donors may also decide to create a named endowed fund in support of faculty salaries or professional development, financial aid, or other programs at the school.
