

A message from our Assistant Principal, Mr. Shepherd:

Unfortunately, OUSD will **NOT be offering a school wide SAT Day** for our students this year. Instead, we are directing students to regional testing centers.

We will focus on promoting and communicating the “regional” weekend SAT locations for our students. Please [Click Here](#) for a flyer that can help students and families better understand SAT options, including but not limited to information on locations, dates, and [fee waivers](#).

Villa Park High School is an established “regional Saturday testing site.” As a district we will provide transportation to those who **need it for the December 3rd SAT administration** at Villa Park High School. If you require transportation, please complete this [form](#) by 11/10/22.
