# The History of Halloween

The tradition of Halloween started way back in 4000 B.C. at the Ancient Celtic Festival of Samhain where people would start bonfires and wear costumes to fight off ghosts.

But of course, the Christians demonized this with good reason. It was believed that the veil (border) between the dead and living was thinnest during the month of October. Pretty creepy huh? Although some may think it's all just a bunch of hocus pocus, we still celebrate in our country by dressing up in costumes and Trick or Treating for candy.

## Get to know our Comic Creator...

I'm Cole Miles. Nice To meet you! I'm 12 years old, and my favorite hobbies are gaming and drawing. I'm just filled with great ideas. No wonder I was picked for the Comic Book Section for this month! I used Google Slides to create this from a blank canvas to this comic creation. If I can do it, you can too!

# ★ Teacher Shout Out

Mrs. Jennings definitely stands out at our school. I think she should be Teacher of the Month. She has the best personality. She always makes learning fun with everything, but she always prepares you for the Gate Test too. From centers, and rewards from the treasure chest, to trasketball, and everything else about her, she's the best!

I had her last year in third grade. It was one of the best years yet. She also prepared us for fourth grade. I definitely think I wouldn't have made it this far in fourth grade without Mrs. Jennings. I think Mrs. Jennings is my favorite so far, but I love my other teachers and have a lot more to go!

## *“The First Day Of A Great School Year”*

The first day of school is the best day of school for me. I don't know about you, but I am always nervous about the first day of school. But when I think about it I don't know what I'm nervous about. Maybe the new teachers or the hard work. But when you think about it, it is the same thing that you get nervous about every year. It always turns out to be the best year. The work is not that hard, and your teachers are very nice.

# New Friends Spotlight!

Our friend spotlight is Brayden Gomez. He is new this year, so we wanted to welcome him by introducing him to you in our newspaper.

Are you liking Puckett so far? What's your favorite thing about our school so far?

Yes, I like it very much and my favorite thing about it is the teachers, and I like that it's small. My old school was huge, and so I like being able to find things easier here. I also like being able to make friends with people easier here because it was more crowded and harder to make friends at my old school.

Where did you move from?

Florida-I was born in West Palm Beach.

What is your favorite subject? Why?

Math because it is the strongest skill I know. Mrs. Byrd lets us choose the best way for us to solve problems.

How old are your siblings and what are their names?

They are both 7, and their names are Ariana and Isabella.

Do your siblings like Puckett? What is something they like about our school?

Isabella says she loves making new friends and loves getting to learn math. Arianna says she likes PE indoors because at our old school PE was always outside. She also has a nice friend named Hadley.

We've noticed you have twin sisters. What are some of the ways you tell them apart?

By their face and the way they act. Isabella likes dresses and being a girly girl, and Arianna is more like a tomboy.

# New Staff Spotlight

Our New Staff Spotlight for this month is Mrs. Woods. We are so glad she came to Puckett!

Q-What was your last job and did you like it?

A-Before coming to Puckett I worked at a dental office. I assisted the dentist and helped take care of patients. I have worked there for so many years and loved it.

Q-What inspired you to take this job?

A-I wanted to come work at the school because I wanted to be closer to my kids who attended Puckett, and I wanted to help support the community. Puckett is a great place, and I'm glad I can help the students and staff grow.

Q-Do you like your job at Puckett so far?

A-I am enjoying my time at Puckett. The staff has been so welcoming and the students make Puckett a fun place to work. My job is very different from the one I was doing before, but it has been a great challenge.

Q-What are some goals you have set for yourself?

A-I am learning new skills and I'm proud of the progress I have made, but want to learn even more.

# Senior Spotlight

For our Senior Spotlight..... We have chosen Ansley Allen!!

What College are you going to?

Mississippi Gulf Coast Community College

What do you hope to accomplish in the future?

I hope to one day become a doctor in Radiology.

What are some of your hobbies?

I love playing softball, shopping, hanging out with my friends, going out to eat, and going to the movies.

What will you miss about Puckett High School?

I will miss the people and the memories! Puckett High School is where I met some of my best friends, and I have made so many memories over the years with the people I love most.
