ASHLEY KOMAC '22

I've learned how to self-advocate, ask questions, be a leader, and face adversity with a level head and a clear, open mind. I truly grew into myself without losing myself, and I'm really grateful for that.

WE ARE *Sacred Heart*

In 1800, Saint Madeleine Sophie Barat founded the Society of the Sacred Heart and opened its first schools in France. In 1818, Saint Rose Philippine Duchesne, made the treacherous crossing over the Atlantic to found the first Sacred Heart School in North America. Today, her legacy is lived out each day in the 25 Sacred Heart schools in the U.S. and Canada.

Our identity as a Sacred Heart school ties us to a rich tradition of educating young women and gives our students access to a global network of students and educators.

Pursue THE ARTS

The primary goal of the Visual and Performing Arts at Woodlands is to foster creative intellect and passion for the arts.

Students are encouraged to audition for Woodland's co-curricular choral groups and our theater productions. Our students participate in music and visual art competitions, and are encouraged to submit their work to local juried visual art exhibitions. Additionally, Woodlands students do not have to choose between pursuing co-curricular arts offerings and playing on an athletic team; they can do both, and are encouraged to do so!

The boarding program helped me develop new friendships and made me more comfortable being myself

-VICKY NGUYEN '24

The community here is really great and I consider them my second family.

-SARA BULT '25

I was instantly welcomed in and surrounded by people I knew would be there for me 24/7. I always love our group talks, Target trips, and hanging out. Since I've been here, it enables me to be my truest self, and I know I am surrounding myself with genuine people, and people that I call and consider my family.
