

NEW EMPLOYEES OF THE WESTBURY UNION FREE SCHOOL DISTRICT

IMPORTANT INFORMATION

Notice 10/01/2013 Effective January 1, 2014

Health Insurance Marketplace (sometimes referred to as the Exchange) Opens for Business on October 1, 2013 (for Active NY Enrollees).

The Health Insurance Marketplace, commonly known as the Health Insurance Exchange, was created under the Patient Protection and Affordable Care Act (Federal Healthcare reform). Today, agencies received a notice to inform employees of their coverage options; this notice is a Federal requirement.

Because the State provides very comprehensive benefits and pays a high percentage of the cost of coverage, the vast majority of State employees who are eligible for NYSHIP coverage will not be able to obtain lower cost coverage under the Marketplace. Although enrollment through the Marketplace will not open until October 1, 2013, the Marketplace customer service line will begin operation at 9:00 a.m. Monday, September 16. The phone number is 1-855-355-5777.

More information about the Marketplace can be found at <http://www.nystateofhealth.ny.gov>. NYSHIP's General Information Book and Empire Plan Certificate of Insurance (or HMO benefits booklet) provide details of the coverage provided to employees

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 11-30-2013)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution –as well as your employee contribution to employer-offered coverage– is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Signe Fitzpatrick (516) 874-1809

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

PART B: Information About Health Coverage Offered by Your Employer

Here is some basic information about health coverage offered by this employer:

PLEASE READ THE BOARD AGENDA REGARDING YOUR EMPLOYMENT

•As your employer, we offer a health plan to:

All employees. Eligible employees are:

Some employees. Eligible employees are:

•With respect to dependents:

We do offer coverage. Eligible dependents are:

We do not offer coverage.

If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
