

NEW EMPLOYEES OF THE WESTBURY UNION FREE SCHOOL DISTRICT

IMPORTANT INFORMATION

Notice: October 1, 2013

Effective: January 1, 2014

Health Insurance Marketplace (sometimes referred to as the Exchange) Opened for Business on October 1, 2013 (for Active NY Enrollees).

The Health Insurance Marketplace, commonly known as the Health Insurance Exchange, was created under the Patient Protection and Affordable Care Act (Federal Healthcare reform). Today, agencies received a notice to inform employees of their coverage options; this notice is a Federal requirement.

Because the State provides very comprehensive benefits and pays a high percentage of the cost of coverage, the vast majority of State employees who are eligible for NYSHIP coverage will not be able to obtain lower cost coverage under the Marketplace. Although enrollment through the Marketplace will not open until October 1, 2013, the Marketplace customer service line will begin operation at 9:00 a.m. Monday, September 16. The phone number is 1-855-355-5777.

More information about the Marketplace can be found at <http://www.nystateofhealth.ny.gov>. NYSHIP's General Information Book and Empire Plan Certificate of Insurance (or HMO benefits booklet) provide details of the coverage provided to employees

New Health Insurance Marketplace Coverage

Form Approved

Options and Your Health Coverage

OMB No. 1210-0149

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an aftertax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Signe Fitzpatrick (516) 874-1809

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

13. Is the employee currently eligible for coverage offered by this employer, or will the employee be eligible in the next 3 months?

Yes (Continue)

13a. If the employee is not eligible today, including as a result of a waiting or probationary period, when is the employee eligible for coverage? _____ (mm/dd/yyyy) (Continue)

No (STOP and return this form to employee)

14. Does the employer offer a health plan that meets the minimum value standard*? Yes (Go to question 15) No (STOP and return form to employee)

15. For the lowest-cost plan that meets the minimum value standard* **offered only to the employee** (don't include family plans): If the employer has wellness programs, provide the premium that the employee would pay if he/ she received the maximum discount for any tobacco cessation programs, and didn't receive any other discounts based on wellness programs.

a. How much would the employee have to pay in premiums for this plan? \$

b. How often? Weekly Every 2 weeks Twice a month Monthly Quarterly Yearly

If the plan year will end soon and you know that the health plans offered will change, go to question 16. If you don't know, STOP and return form to employee.

16. What change will the employer make for the new plan year?

- Employer won't offer health coverage
- Employer will start offering health coverage to employees or change the premium for the lowest-cost plan available only to the employee that meets the minimum value standard.* (Premium should reflect the discount for wellness programs. See question 15.)

a. How much would the employee have to pay in premiums for this plan? \$

b. How often? Weekly Every 2 weeks Twice a month Monthly Quarterly Yearly

* An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs (Section 36B(c)(2)(C)(ii) of the Internal Revenue Code of 1986)
