The six (6) member districts of the JPA are Fremont Union High School District, Los Altos School District, Mountain View-Los Altos Union High School District, Mountain View-Whisman School District, Santa Clara Unified School District, and Sunnyvale School District.

Contractor shall provide single-rider student transportation services on an as-needed basis including, without limitation, general and special education transportation to and from home for all bell schedules, including for ambulatory and non-ambulatory students with physical, mental, or emotional disabilities, and for field trips or other destinations as required ("Services"). Contractor will provide the Services using passenger vehicles for nine (9) passengers or less, not school buses. Grouping of students may be allowed in JPA's discretion.

Bidders shall follow the instructions in this document, and shall submit all documents, forms, and information required for consideration of a Bid.

The JPA will evaluate information submitted by the bidders and, if incomplete or unsatisfactory to the JPA, Bidder's bid may be rejected at the sole discretion of the JPA.

1. Bids are requested for the following contract ("Contract"):

**Single-Rider Student Transportation Services Bid
Bid No. 22-23-01**

2. JPA will receive sealed bids from bidders as stipulated in the Notice to Bidders.
3. Bidders must submit bids on the Bid Form and Proposal and all other required JPA forms. Bids not submitted on the JPA's required forms shall be deemed non-responsive and shall not be considered. Additional sheets required to fully respond to requested information are permissible.
4. Bidders must supply all information required by each Bid Document. Bids must be full and complete. JPA reserves the right in its sole discretion to reject any Bid as non-responsive as a result of any error or omission in the Bid. Bidders must submit with the Bid Form and Proposal either cash, a cashier's check or a certified check payable to JPA, or a bid bond by an admitted surety insurer of not less than One Thousand Dollars (\$1,000). If Bidder chooses to provide a Bid Bond as security, Bidder must use the required form of corporate surety provided by JPA. The Surety on Bidder's Bid Bond must be an insurer admitted in the State of California and authorized to issue surety bonds in the State of California. Bids submitted without necessary bid security will be deemed non-responsive and will not be considered.

6. If a Bidder to whom a Contract is awarded fails or neglects to enter into Contract and submit required bond, insurance certificates, and all other required documents, within **SEVEN (7)** calendar days after the date of the Notice of Award, JPA may deposit Bid Bond, cash, cashier's check, or certified check for collection, and proceeds thereof may be retained by JPA as liquidated damages for failure of Bidder to enter into Contract, in the sole discretion of JPA. It is agreed that calculation of damages JPA may suffer as a result of Bidder's failure to enter into the Contract would be extremely difficult and impractical to determine and that the amount of the Bidder's required bid security shall be the agreed and conclusively presumed amount of damages.
7. Bids shall be clearly written without erasure or deletions. JPA reserves the right to reject any Bid containing erasures or deletions.
8. Bidders shall not modify the Bid Form and Proposal or qualify their Bids. Bidders shall not submit to the JPA a scanned, re-typed, word-processed, or otherwise recreated version of the Bid Form and Proposal or other JPA-provided document.

Bidders are charged with all information and knowledge that a reasonable bidder would ascertain from having performed this required services, investigation, research, and analysis. 10. All questions about the meaning or intent of the Bid Documents, including but not limited to the Agreement, are to be directed in writing to Rick Magana, Manager of Business Services, Fremont Union High School District, rick_magana@fuhsd.org, on behalf of the JPA by October 24, 2022. Questions received less than **SEVEN (7)** calendar days prior to the date for opening Bids may not be answered. Only questions answered by formal written Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.
11. Addenda may also be issued to modify other parts of the Contract Documents as deemed advisable by the JPA. Any Addenda will be posted on the Fremont Union High School District website at <https://www.fuhsd.org/departments/business-services>.
12. Each Bidder must acknowledge each Addendum in its Bid Form and Proposal by number or its Bid shall be considered non-responsive. Each Addendum shall be part of the Bid Documents. A complete listing of Addenda may be secured from the JPA.
13. Bidders shall submit the Non-Collusion Declaration with their bids. Bids submitted without the Non-Collusion Declaration shall be deemed nonresponsive and will not be considered
14. All bids must be sealed, and marked with name and address of the Bidder and the Bid number and time of bid opening. Bids will be received as indicated in the Notice to Bidders.

- a. Mark envelopes with the name of the Contract (Single-Rider Student Transportation Services Bid No. 22-23-01).

 - c. Bids must contain all documents as required herein.
15. Bids will be opened at or after the time indicated for receipt of bids.
16. Pursuant to Education Code section 39802, the JPA seeks to procure the service at the lowest possible figure consistent with proper and satisfactory service. The JPA may award the Contract or Contracts to other than the lowest bidder. The JPA also reserves the right, at its sole discretion, to award multiple Contracts for services on an as-needed basis to multiple, different bidders.
17. The Bidder to whom a Contract is awarded shall execute and submit the following documents by 5:00 p.m. of the **SEVENTH (7th)** calendar day following the date of the Notice of Award. Failure to properly and timely submit these documents entitles the JPA to reject the bid as non-responsive.
 - a. Agreement: To be executed by successful Bidder.
 - b. Insurance Certificates and Endorsements as required.
 - c. Workers' Compensation Certification.
 - d. Fingerprinting/Criminal Background Investigation Certification.
 - e. Drug-Free Workplace Certification.
 - f. COVID-19 Vaccination/Testing Certification.
 - g. Performance Bond.
18. Any bid protest by any Bidder regarding any other bid must be submitted in writing to the JPA, before 5:00 p.m. of the **THIRD (3rd)** business day following bid opening.
 - a. Only a Bidder who has actually submitted a bid, and who could be awarded the Contract if the bid protest is upheld, is eligible to submit a bid protest. Subcontractors are not eligible to submit bid protests. A Bidder may not rely on the bid protest submitted by another Bidder.
 - b. A bid protest must contain a complete statement of any and all bases for the protest and all supporting documentation. Materials submitted after the bid protest deadline will not be considered.
 - c. The protest must refer to the specific portions of all documents that form the basis for the protest.

The party filing the protest must concurrently transmit a copy of the protest and any attached documentation to all other parties with a direct financial interest that may be adversely affected by the outcome of the protest. Such parties shall include all other bidders or proposers who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.
 - f. The procedure and time limits set forth in this paragraph are mandatory and are each bidder's sole and exclusive remedy in the event of bid protest. Failure to comply with these procedures shall constitute a waiver of any right to further pursue the bid protest, including filing a Government Code Claim or legal proceedings.
19. JPA reserves the right to reject any or all bids, including without limitation the right to reject any or all nonconforming, non-responsive, unbalanced, or conditional bids, to re-bid, and to reject the bid of any bidder if the JPA believes that it would not be in the best interest of the JPA to make an award to that bidder, whether because the bid is not responsive or the bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by the JPA. JPA also reserves the right to waive inconsequential deviations. For purposes of this paragraph, an "unbalanced bid" is one having nominal prices for some items and/or enhanced prices for other items.
20. Discrepancies between written words and figures, or words and numerals, will be resolved in favor of numerals or figures.
21. Prior to the award of Contract, the JPA reserves the right to consider the responsibility of the Bidder. JPA may conduct investigations as the JPA deems necessary to assist in the evaluation of any bid and to establish the responsibility, including, without limitation, qualifications and financial ability of Bidders and other persons and organizations to perform and furnish the services in accordance with the contract documents to the JPA's satisfaction within the prescribed time.

Liquidated Damages Schedule

JPA and Contractor agree that, from the nature of the services to be rendered, it is impractical and extremely difficult to fix the actual damage to JPA through the failure of Contractor to provide any of the services under the Contract. Therefore, a fixed sum shall be assessed, where applicable, as indicated below as liquidated damages, but not as a penalty, the amounts set out below. Damages will be documented on a JPA form and deducted from a subsequent invoice as determined by JPA.

\$250 - Liquidated Damages will be assessed at \$250 per infraction per day for the following infractions:

- For each trip missed.
- When there is delay in scheduled times of sixty (60) minutes or more.
- If a student is on the vehicle for one and one-half hours (1 hour and 30 minutes) or more without authorization from JPA.
- Air conditioning system not functioning properly on equipment required to be equipped with air conditioning.
- Drivers are not fit to drive according to State, JPA or Contract requirements.
- For each day if a route change is not implemented within five (5) days of the receipt of the change notice.
- Student left alone in vehicle because driver was unaware the student was still aboard.
- Operating without an aide/monitor in the vehicle, when such aide/monitor is required.
- Failure to use IEP required equipment when transporting a student.
- Unreported accident with student.

\$50 - Liquidated Damages will be assessed at \$50 per infraction per day for the following infractions:

- For each trip in which there is a delay in Scheduled times of fifteen (15) minutes up to fifty-nine (59) minutes for reasons other than traffic and weather.
- Failure by a driver, dispatcher, or other Contractor employee to immediately follow JPA's prescribed procedures regarding reporting breakdowns, accidents, late vehicles, missed trips.
- A late vehicle because of refueling or which runs out of fuel on route.
- Early departure of a vehicle from a scheduled stop without the student.
- More than three (3) consecutive days arriving at school at or after bell time on BSR without prompt notification to the JPA of the issues causing the delay.

- More than three (3) consecutive days arriving at school(s) more than 10 minutes before bell time on the BSR.

EXHIBIT D

Silicon Valley JPTA Single Rider Vendor Policies

Vendor Policies

JPA is responsible for hiring vendors to transport our students. The following policies and procedures are required. Any vendor that does not adhere to our policies and or procedures may have the vendor contract terminated by JPA.

All vehicles must be serviced according to a maintenance schedule established by the vendor.

Vendor Policies for Single Riders

1. Vendor Office must call parents/guardians and alternate address providers before the start of service, notifying them of the drop off and pick up times. (This also applies to any changes)
2. Please do not wait more than 5 minutes at the student's pick up address for the student to arrive if the driver is on time and parked in the regular spot. (Even if parent/guardian asks)
3. No student shall be allowed off the vehicle alone at address or school without prior approval. At pick-up or drop-off location, an adult (18 or over with photo ID) must accept the student. Some students are allowed to be released alone; those students are identified with a release form. The vendor will receive a protocol form outlining the approval of release alone from JPA. Vendor shall notify driver of approval.
4. Please route students to arrive at school no earlier than ten (10) minutes before assigned bell time. (This gives time for breakfast / toilet / etc.) Drivers must wait no more than TEN MINUTES at the school after the students assigned bell time. Driver shall call dispatch the student is a no show, and leave.
5. All drivers must wear a photo identification badge when transporting our students. (Please try to have the same driver if possible as students may work better with familiar faces)
6. Parent/guardian, school staff or students are NOT allowed to change the student's schedule. All changes must go through District of Residence/SCCOE and then JPA will notify the vendor.
7. Make sure you give parent/guardian/school staff the CORRECT information on which to call for any changes, JPA is NOT the District of Residence and if the student is in the SCCOE program they must call the cluster office NOT the District of Residence. (The vendor shall notify JPA if someone tries to make a change of the student's bell times or change the pick-up / drop off address without paperwork from JPA)
8. Driver shall notify dispatch if student comes out to the vehicle at a different time and dispatch shall call the school to inform staff of the situation.
9. Parent/Guardian or School staff may call to cancel or to inquire about a tardy pick up. Never cancel service if the student tells you. Only the Parent/Guardian or

School staff can cancel services for the day. Never go back if parent/guardian or school calls or changes their mind about the cancellation.

10. If the Parent/Guardian calls you to pick up a SICK student at school and you send your vehicle you need to know that JPA will NOT approve. Vendor will submit the bill for that ride directly to parent/guardian, as JPA will not pay for it.

Accident Procedures for Vendor

In the Event of an Accident with Students on Board, Vendors are to follow these procedures:

1. The vendor will immediately call JPA.
2. Vendor will call appropriate law enforcement to the scene.
3. JPA will ask vendor if anyone is injured.
4. JPA will ask vendor if they have called parent/guardian and school site. (Vendor shall also call Cluster office if students belong to a SCCOE site).
5. Students may NOT leave the scene until the officer releases the students from the scene.
6. Vendor will send list of students on board to JPA on approved Accident report within 24 hours.
7. JPA Staff to send copy of accident report to District(s) involved.
8. In case of Major accident JPA will contact all of the districts involved immediately.

Clean Student Policy

For those students still being toilet trained, please be sure the student has used the restroom, and is clean before boarding the vehicle.

If the student has an accident right before the PM afterschool pick up, and a staff member tells you to please wait, because they have diaper or clothes to change due to the student having an accident at school. Please inform dispatch immediately if this issue comes up.

Drivers are required to WAIT ONLY 10 Minutes from the Bell Time

If staff doesn't have the student cleaned in time, the driver will leave and the school staff will have to notify the parent to pick up, or contact the vendor to see if the driver may return to the school at the end of the entire route.

A clean student in your vehicle is better than leaving the student, if staff tells you the student was cleaned, but the driver still smells an odor, the driver will inform dispatch that they cannot transport, and the school will be notified of the situation and contact parent.

IEP Equipment "If Needed"

If an equipment protocol on an IEP is qualified with "if needed", contact the District of Residence/SCCOE representative for clarification. In the meantime, start the student in the lesser restrictive option and observe the student's behavior. If the student is taking the seatbelt off or not staying in their seat with the lesser restrictive option, the driver would then have the option to use the more restrictive equipment listed as "if needed" to ensure

the student's safety.

For example, if buckle guard, vest, and harness are listed as "if needed", the driver could start with the buckle guard and observe, then move to a vest with a buckle guard, and then to buckle guard, vest and harness, if student continues the unsafe behavior.

Students with equipment that does NOT say "if needed" MUST use that equipment every time they are transported.

Wheelchair Transportation Policies for Drivers

1. We never allow a student to stand on the lift with their walker. A student that walks with a walker or crutches cannot stand on the lift. The student already has balance problem, it is not safe for them stand on a moving lift.

13 C.C.R. 1293(e) (2) "No loading device shall be constructed or operated in a manner that requires the driver to leave a pupil unattended on the loading device outside the passenger compartment, nor shall any driver permit a pupil to be unattended on a loading device outside the passenger compartment."

2. It is not permissible to allow a student to sit in a chair on the vehicle lift if student has a difficult time going up/down the steps of the vehicle. A chair cannot be used on the lift to assist a student going up/down the vehicle. A student must be sitting in a locked wheelchair or approved stroller when using a lift. If the student requires significant assistance to go up/down the steps, contact JPA.
3. An IEP team should decide whether a student can independently drive a power wheelchair on and off the vehicle lift. Most often, with close supervision, it is okay to allow the student to drive on and off when the lift is lowered. Drivers should not let them drive on/off the lift when it is in a raised position.
4. If a student has a hard time driving their power wheelchair backwards, it is not okay to let them drive it forward onto the vehicle lift. The student must face away from the vehicle while on the lift. The heaviest part of the wheelchair is at the back. The lift was designed to operate with the heaviest part of the load on the back of the lift.
5. If the student's wheelchair brakes do not work properly, notify the parents or school personnel as soon as possible so the brakes can be repaired. It is very important for both brakes to be working properly while the wheelchair is on the lift and while inside the vehicle. Students shall not be transported in a wheelchair without properly working brakes.
6. You must attach the tie down straps around a non-removable part of the wheelchair frame. Leg-rest, armrests, and wheels come off the wheelchair easily. You must place the tie down strap at a site on the wheelchair frame. You can use webbing loops available from several different manufactures from ease of attaching the tie down straps. You can also mark the appropriate attachment placement by using cable-ties. If a wheelchair has a factory installed transit option attachments, you hook the strap to the transit option attachment, which is welded to the wheelchair frame.
7. Trays must always be removed from the wheelchair and placed inside the vehicle. A tray attached to a wheelchair can cause severe abdominal injuries if the vehicle had to stop very quickly or was involved in an accident. If the parent does not agree to

have it removed, contact JPA. A driver trainer will be sent to inspect and decide if the tray will stay. Driver will be notified via the Drivers Protocol memo.

8. Students should be transported in an upright position whenever possible. If the child cannot maintain a proper head position, the wheelchair may need to be tilted slightly-but not more than 30 degrees. When wheelchair backs are reclined or wheelchairs are tilted, the student can "submarine" or slide under the lap belt during a sudden stop.
9. The lap belt must be brought up inside the wheels and armrests of the wheelchair and make contact directly with the student. If you have trouble getting the belt inside the armrests, contact JPA to see if modifications need to be made to the wheelchair seat or back.
10. The shoulder belt must be used if the student complains that it hurts his/her neck. If the vehicle is equipped with shoulder belts, they must be used. On some vehicles, it may be possible to adjust the position of the attachment of the belt on the vehicle wall in order to move the shoulder belt away from the student's neck. If that doesn't work, you may need to reposition the wheelchair on the floor tracks. If none of this works, consult JPA for other options.
11. Floor tracks need to be kept clean, free of dirt and trash. If cleaning around the floor track attachment doesn't allow the strap to be removed, you must notify your supervisor or contact the mechanic at the vehicle garage to get their assistance in moving the strap. Then, make sure and keep the floor and tracks clean and free of debris.
12. If the tie down strap won't tighten, drivers should not move them further away from the wheelchair to take up the slack. Moving the straps further back does not allow you to get the proper angle to hold the wheelchair properly. If the down straps are extremely dirty, it will not tighten sufficiently. If the straps are extremely worn, they may need to be replaced. Contact your supervisor and notify the mechanic that you need to have the strap(s) cleaned and/or replaced.

Driver Expectations

JPA expects quality service from drivers. In order to provide excellent service, we ask that our drivers follow these procedures:

1. Always be courteous to our customers. (Parents, Staff at schools and students.) Never argue, if there are problems contact dispatch and write up the incident.
2. Never pick up or drop off at a non-authorized address. (Authorized addresses are given to you in writing or over the radio from dispatch on your route sheets).
3. Students should be routed to be at school at least 10 minutes before bell time, (Never arrive earlier than 10 minutes, and please adjust your route times if you need to.) Staff members at schools are required to receive your students at that time. Please inform dispatch immediately on the radio and then in writing on a route situation form if School Staff tells you that they will NOT receive the students 10 minutes before bell time.
4. If a parent or a teacher tells you there is going to be any type of change in the student's schedule, address or anything else, notify dispatch immediately in writing.

Please inform the parent or teacher to call the student's District of Residence or COE Cluster if student is in COE Program.

5. If you have a student that has been a no show or HOLD for at least one week (5 school days within 2 weeks), the driver is REQUIRED to fill out a student update form and submit it in to dispatch. Once office staff receives the route situation form it will be investigated and the information will be sent to driver. If you have sent a student update report you shall not restart service without paperwork from JPA. (Do NOT accept a phone call from a parent to restart the ride)
6. Please check that if you are putting a student into equipment you have supporting paperwork. Do not place a student in any equipment without written notification from staff. Also, do not discontinue equipment without notifying staff, even if parent tells you to do it (send a report) It is against the law to place a student in equipment other than the lap belt until approved in writing. Check your route sheet/BSR or Driver Protocol sheet for this information.
7. Do not open your door until you see that an authorized adult is present to receive your student. If your student needs assistance the authorized adult MUST come out to the vehicle and assist you with unloading of the child. Driver's MUST follow the chain of custody rule. Wait at curb until you see that the adult has custody of the child.
8. Never release a student alone at the home or alternate address without prior written approval. The only students that can be released on their own are students that have Release of Curb to Curb and or Release at School Protocol. (This will be marked on your route form/BSR and Driver Protocol sheet) Please inform dispatch immediately and in writing on a route situation form if school staff or parent/guardian tells you to let the students go by themselves. (Do not allow it.)

Please be aware that each student must have a separate form. If you have any questions regarding the service of release ask dispatch.

- a. The Release of Curb to Curb means the student can be left off the vehicle alone at the pm drop off. (Driver is to secure the vehicle, open the door and let the student off, close door and leave, do not wait for student to enter house).
 - b. Release at school means that the student can be left off the vehicle at his/her school. (Student is on his/her own to get to class) NEVER earlier than 10 minutes before school bell time.
9. Always submit in writing any unacceptable behaviors and or incidents that happen on your route, AND call it into dispatch. Driver is to fill out the Incident Report, please list students involved with first & last names, if multiple students caused the incident, drivers must create separate reports for each student to protect privacy rights and/or utilize anonymous names, such as "Student 1."
 10. Any accident with your vehicle, no matter how minor, if you have student(s) on board you expected to follow the accident protocol.
 11. If you notice that your student is always waiting for you in a car, or is always standing outside of the address where you pick up, let dispatch know immediately. This student may have moved.

12. All drivers are required to have in the vehicle or on their person a photo ID badge whenever transporting our students. Parents can ask to see it. Also, if driver needs to go into a school for any reason, you MUST wear your badge.
13. Do NOT give your personal cell phone number and do not accept calls to your cell phone from the parents. They are required to call dispatch.
14. It is the driver's responsibly to inform dispatch immediately if the driver finds out that the student lives in a Gated Community, Apartment Complex with red zone lanes, Dead End Street or any other unsafe location. Dispatch and the driver trainer will contact JPA and a safe location will be discussed and decided, which will be as close as possible to the address. Driver will not start the student until the new location is decided on, and new paperwork is sent to the vendor. Drivers who do not follow above guidelines may be removed from routes.

School Site Vendor Calendar

At the start of the school year staff shall review all school site calendars. They will be scanned and sent to our vendors. It is the responsibly of each vendor to notify the drivers of calendar changes. Staff shall send to the vendors any calendar changes throughout the school year.

DRUG-FREE WORKPLACE CERTIFICATION

PROJECT/CONTRACT NO.: _____ between the Silicon Valley Joint Powers Transportation Agency ("JPA") and _____ ("Contractor" or "Bidder") ("Contract" or "Project").

This Drug-Free Workplace Certification form is required from the successful Bidder pursuant to Government Code section 8350 et seq., the Drug-Free Workplace Act of 1990. The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract or grant for the procurement of any property or service from any state agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract or grant awarded by a state agency may be subject to suspension of payments or termination of the contract or grant, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred.

JPA is not a "state agency" as defined in the applicable section(s) of the Government Code, but JPA requires all contractors on JPA projects to comply with the provisions and requirements of the Drug-Free Workplace Act of 1990.

Contractor must also comply with the provisions of Health & Safety Code section 11362.3 which prohibits the consumption or possession of cannabis or cannabis products in any public place, including school grounds, and specifically on school grounds while children are present.

Contractor shall certify that it will provide a drug-free workplace by doing all of the following:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's or organization's workplace and specifying actions which will be taken against employees for violations of the prohibition.
- b. Establishing a drug-free awareness program to inform employees about all of the following:
 - (1) The dangers of drug abuse in the workplace.
 - (2) The person's or organization's policy of maintaining a drug-free workplace.
 - (3) The availability of drug counseling, rehabilitation, and employee-assistance programs.
 - (4) The penalties that may be imposed upon employees for drug abuse violations.
- c. Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required above, and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of Government Code section 8355 listed above and will publish a statement notifying employees concerning (a) the prohibition of controlled substance at the workplace, (b) establishing a drug-free awareness program, and (c) requiring that each employee engaged in the performance of the Contract be given a copy of the statement required by section 8355(a), and requiring that the employee agree to abide by the terms of that statement.

I also understand that if JPA determines that I have either (a) made a false certification herein, or (b) violated this certification by failing to carry out the requirements of section 8355, that the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that, should I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of the aforementioned Act.

I acknowledge that I am aware of the provisions of and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990 and Health and Safety Code section 11362.3.
